ROYAL FLOAT READY AND WAITING — Bill Cook, Fair Manager, puts final touches on the float for the Pickaway County Fair's King and Queen. Selection of the new royalty will be made 8 p. m. Tuesday at the Grandstand.

Agriculture Assets of County Will Be on Display at Fair

All eyes will be focused on the 18 annual Pickaway County Fair, set for its traditional opening Monday evening.

The gay festival, decked in an agriculture atmosphere, will be in session for five days and six nights. Entertainment for one and all will be at a peak until closing time rolls around on Saturday night.

The 1964 exposition will officially open 6 p. m. Monday with a standing invitation to one and all. From then on it will be Pickaway County and all its assets on display.

Busy for the past several days putting finishing touches on the many features of this year's show are members of the Pickaway County Agricultural Society and Fair Manager William Cook.

IMPROVEMENTS at the Fairgrounds will include an attractive new stone wall in front of the Coliseum and a concrete sidewalk. Efforts to improve the fence along the Grandstand and race track area have been underway for some time, along with continuous work devoted to sprucing up all the buildings in the area.

Entries, exhibits, displays and

all necessary Fair equipment will start shaping up Saturday. Always of prime interest to the younger set are the many activities carded for 4-H, FFA, Scouts and other groups. A highlight in this respect will be a bountiful supply of livestock on display for all to see.

Monday's schedule calls for opening ceremonies and a flag raising by local Boy Scouts at 6 p. m. This will be followed by a Pony Pull at the Grandstand and a Junior Fair Livestock judging contest in the Show Arena, both at 8.

Horseshoe pitching qualifying will be held each evening from 6 to 10. The championship pitchoff will start 6 p. m. Saturday. The first full day of the Fair

Judge Ends \$1000 Month Allowance

ELYRIA, Ohio (AP)—A judge has ordered that a \$1,000 monthly living allowance be cut off from Mrs. Arthur Ely of Elyria, a descendant of the founder of the city.

She had been receiving the money from the \$400,000 trust estate left by her father-in-law, the late William A. Ely, Lorain County Probate Court Judge Harold S. Ewing ruled Thursday to cut her off from the allowance until further notice.

The court directed that no payments, except for taxes, insurance and lease obligations be made from the trust until a report is submitted showing the cost of repairs to real estate owned by the trust and what is being done to lease trust-owned vacant property.

The order was one round in a long court fight between Mrs. Ely and the First National Bank of Elyria, co-trustees. Each seeks to end the other because of disagreement over use of trust funds.

Pennsy Dairy Talks To Be Resumed

PITTSBURGH (AP)—Union officials and representatives of 59 Western Pennsylvania dairy companies were scheduled to meet today in an effort to get negotiations on a new contract off dead center.

State mediators had planned that the two sides meet Thursday, but instead mediators met separately with each side and no one had any progress to report. Although no strike deadline has been set, Harry Tevis president of Local 205, Milk & Ice Cream Salesmen, Drivers & Dairy Plant Employees, said:

"We're thinking about one this week. We probably will give a day's notice."

86 Terrorists Shoot Way Out Of Caracas Jail

CARACAS, Venezuela (AP)—Troops and police today hunted 85 Communist terrorists and common criminals who broke out of prison in a wild fight in which 12 persons were reported killed and 51 wounded.

Some of the escaped convicts wore stolen police uniforms. A group so clad held up a filling station at dawn.

A wave of holdups and robberies were reported all over Caracas.

One of those who died was an attorney killed while standing at his window watching the gun fight between police and prisoners.

About 200 of the 816 terrorists and criminals at Reten La Planta prison—in a residential section of Caracas—participated in the break Thursday.

They overpowered 40 guards and poured out of the prison gates and a hole in a wall under construction. Troop reinforcements drove back all but 102. Sixteen were rounded up shortly afterward.

Scattered automatic fire was heard in parts of Caracas during the night. There were reports of a number of robberies and shootings.

Prison officials said imprisoned members of the Armed Forces of National Liberation, known also as FALN, incited criminals to join them in the break.

The FALN, known for sabotage and attacks on Venezuelan and U.S.-owned installations and businesses, has vowed to overthrow President Romulo Betancourt's democratically elected government and set up a Castro-style regime.

Some sources suggested the break was timed to coincide with today's 26th of July anniversary marking Prime Minister Fidel Castro's initial attempt 10 years ago to launch a revolution in Cuba.

Elsewhere in Venezuela, FALN terrorists blew up three major highway bridges. They told newspapers they planned to assault police stations to divert forces hunting the prison escapees.

Repairs Require S. Court Closing

Motorists are reminded today that S. Court St. from Edison Ave. to Ohio St. will be closed beginning Monday.

The closing will be necessary to allow repairs to be made at the Court St. Norfolk & Western Railroad crossing. The work will take about one week.

Normal S. Court St. traffic will be able to utilize Pickaway and Scioto Sts. during the repair period.

2 London Prison Walkaways Nabbed

LONDON, Ohio (AP)—Two inmates who fled from a work gang at the London Correctional Institution Tuesday have been apprehended and returned.

Kenneth Beekman, 22, of Highland County, and David Junior Gibson, 27, of Franklin County, were taken into custody last night in Hillsboro.

Still at large are two escapees who left the honor camp Wednesday, James F. Harrison, 35, admitted from Hamilton County, and Benjamin Meyers, 34 from Hocking County. Meyers was sentenced to a life term for first-degree murder.

JFK Plans Appeal to Nation On Nuclear Test Ban Pact

WASHINGTON (AP)—President Kennedy goes before the nation tonight to whip up support for a nuclear test ban treaty dramatically initiated Thursday in Moscow and heralded as a major break in the cold war.

The presidential message at 7 p. m. Eastern Daylight Time on radio and television will be part of an administration campaign to convince critics the pact—ending testing in outer space, in the atmosphere and under water—will not endanger U.S. security.

To become effective the U.S., Soviet and British agreement must be ratified by a two-thirds vote of the Senate, and the measure of public support for the treaty may tip the scales there.

The agreement climaxes years of on-and-off negotiations—splintered at times by the thunder of nuclear tests—almost as old as the nuclear age itself.

The White House declared that the President was gratified by the agreement in which the three powers also affirmed their determination to strive for a complete test ban and implied they will give no nuclear aid to nations that will not go along with the pact.

The three foreign ministers—American Secretary of State Dean Rusk, Britain's Lord Home and the Soviet Union's Andrei A. Gromyko—will sign the treaty in Moscow in "the near future," a communique said.

Immediate congressional reaction to the agreement was generally favorable and the administration is confident it can win the Senate's approval.

Rusk has already done the early spadework on Capitol Hill. He spent long hours earlier in the week briefing the Senate's Foreign Relations and Armed Services Committees, and the Senate House Atomic Energy Committee.

The administration optimism on the likelihood of ratification hinges partly on a belief the Joint Chiefs of Staff, whose views count heavily in Congress, will support the agreement.

With two notable exceptions the initialing of the agreement as leaders of West and East hailed the first step on the road to peace. Lord Home called the agreement

"the first of any substance which the West has been able to make with the Russians" since the Austrian Treaty of 1955.

And from Japan, the only country seared by wartime atom bombs, the chief Japanese cabinet secretary, Yasumi Kirogane, said the partial ban could be a

stepping stone to total elimination of nuclear testing.

But in Paris, President Charles de Gaulle's government reaffirmed that it would not be bound by the agreement in its efforts to make France an independent nuclear power.

Senate Machinery Started To Ratify Test Ban Treaty

WASHINGTON (AP)—Administration leaders have started Senate machinery rolling along what may be a twisting road to ratification of the nuclear test ban treaty.

Undersecretary of State W. Averell Harriman, who initiated the agreement Thursday in Moscow with Soviet and British negotiators, starts the congressional selling job Monday when he reports to three committees, possibly accompanied by Secretary of State Dean Rusk.

To speed things up the Senate Foreign Relations Committee, which has jurisdiction over treaties, invited members of the Senate Armed Services Committee and the Senate House Atomic Energy Committee to join in hearing Harriman's report behind closed doors.

And Chairman Richard B. Russell, D-Ga., of the Armed Services Committee, said that when the signed treaty is sent to the Senate for the required two-thirds approval he would not object to the three committees considering it jointly.

Russell added that the Joint Chiefs of Staff will be asked to testify. They are expected to support the ban on tests in the atmosphere, outer space and under water. Rusk already has tried to smooth the way for the treaty by showing all three committees copies of the proposed agreement.

Senate Democratic Leader Mike Mansfield of Montana predicted ratification, although he said there will be opposition.

"It is a reasonable agreement with no side issue attached," he said. "Prospects for its ratification are growing steadily."

Republicans generally took a more cautious approach. Sen. John Sherman Cooper, R-Ky., said he would like to see an effective test ban treaty ratified and "it is incumbent on the administration to give all members the fullest information on this before the debate begins."

Senate Republican Leader Everett M. Dirksen of Illinois has

First Lady To Observe 34th Birthday Sunday

WASHINGTON (AP)—Briefly putting aside nuclear test ban questions, President Kennedy will help the First Lady mark her 34th birthday Sunday at Cape Cod.

It'll be a family celebration for Mrs. Kennedy, who is expecting her third child in about a month.

Whatever party there is, with the traditional birthday cake and presents, will be geared more for the Kennedy youngsters, John Jr., 2½, and Caroline, 5½, and their bevy of cousins, says Mrs. Kennedy's press secretary, Pamela Turnure.

Meteor, Not Saucer, Found in Spud Patch

CHARLTON, England (AP)—The British army regrettably ended 10 days of excitement in this drowsy country community with an announcement that the mysterious 8-foot-wide crater in farmer Roy Blanchard's potato field was not caused by a flying saucer.

Army engineers dug out a half pound hunk of matter, said it appeared to be a meteorite and sent it to the British Museum for investigation.

Tall Buildings Are Topped In Catastrophe

BELGRADE Yugoslavia (AP)—A catastrophic earthquake struck the minareted city of Skopje at dawn today toppling tall buildings and homes and possibly killing more than 1,000 people.

Radio Belgrade said there are "thousands of injured," adding it was impossible to say how many were killed but the number "must be very great." The official news agency Tanjug put the estimated death toll over 1,000.

The radio said fires broke out in a technical school and a boys' high school.

Most of the city's population of 270,000 were caught in their beds by the thunderous quake. Many ran out of their apartments in their night clothes.

Tens of thousands stood in the rubble-filled streets, some weeping, others just staring at their former homes which had collapsed, Tanjug reported.

Skopje parks were turned into collection points for the homeless.

All citizens were ordered to stay out of their homes for the next 24 hours as a safety measure.

Tanjug reported that the earthquake's center lay right in the heart of Skopje, the capital of the province of Macedonia. The downtown section was hardest hit.

The entire province of Macedonia, southeast of Belgrade, was mobilized for relief work.

Roads leading to the stricken city were jammed with trucks bringing in supplies and manpower and then turning around to evacuate the injured.

The town of Nis, northeast of Skopje, made space for 1,000 beds for the injured. Doctors were rushed in from all towns in the area.

Belgrade Radio described Skopje as a "great tragic working place."

The water supply was cut off and Yugoslav army units set up emergency distribution centers.

Telephone and telegraph lines were cut and radio provided the only link with the outside world. Tanjug said it was impossible to estimate the damage and this was borne out by the first refugee to reach Belgrade from the historic capital of Macedonia.

He told of the most solidly built building in the city, the Yugoslav army barracks, being razed along with others.

Tanjug said the New Macedonian Hotel, packed with guests, was leveled and most of the guests were killed. But the eyewitness Aleksander Blagojevic, said it appeared to him as he drove to the airport that only part of the hotel was damaged.

He said other hotels and many other buildings were badly damaged or destroyed.

The first shock hit with shattering force at 5:17 a. m. (11:17 p. m. EST Thursday) while most of the inhabitants were asleep. This was followed by a series of lighter shocks.

Blagojevic, a pilot for the Yugoslav Air Transport Co., told Radio Belgrade that he was dressing in his room at the Hotel Inval, opposite the railroad station, when the quake struck.

"I saw the railroad station go down in front of my eyes," he said.

Stronghold of Lawyers Is Raided by Police

LONDON (AP)—Scotland Yard detectives raided London's Inner Temple, the stronghold of Britain's lawyers, Thursday night and carried off a vanload of books and pictures they said were pornographic.

It took five detectives an hour to load the van. Police sources said a prosecution would follow.

The Inner Temple is a precinct of quiet lanes and alleys. Lawyers have lived and worked there for centuries. Now it is the headquarters of attorneys specializing in divorce and criminal cases.

Chicago Race Talks Set

Stock Market In Doldrums

NEW YORK (AP) — Oils improved as the stock market dawdled in slow, post-weekend trading early this afternoon.

Aside from steady investment demand for the oils, there was little leadership.

Chrysler, which was sold heavily Thursday, made a moderate recovery.

Steels, chemicals, nonferrous metals and drugs were mostly lower.

Rails, aerospace issues, tobacco, and airlines were mixed. Utilities moved slightly ahead.

The Associated Press average of 60 stocks at noon was up .2 at 264.2 with industrials up .1, rails off .1, and utilities up .4.

Ford and General Motors added fractions.

The ordinarily volatile "glamour" issues showed little change except for U.S. Smelting which added about 2 and Xerox which lost more than a point.

The Dow Jones industrial average at noon was up .73 at 688.44. Prices were mixed on the American Stock Exchange.

Corporate and U.S. government bonds advanced.

Mother of 6 Bears Set of Triplets

ALLIANCE, Ohio (AP)—Thirty-six-year-old Mrs. Betty Culler, who has six children at home in nearby Beloit, became the mother of triplets today.

The three little girls were reported in fair condition at Alliance City Hospital.

The other six children of Mrs. Culler and her husband, Melvin, range in age from 9 to 16.

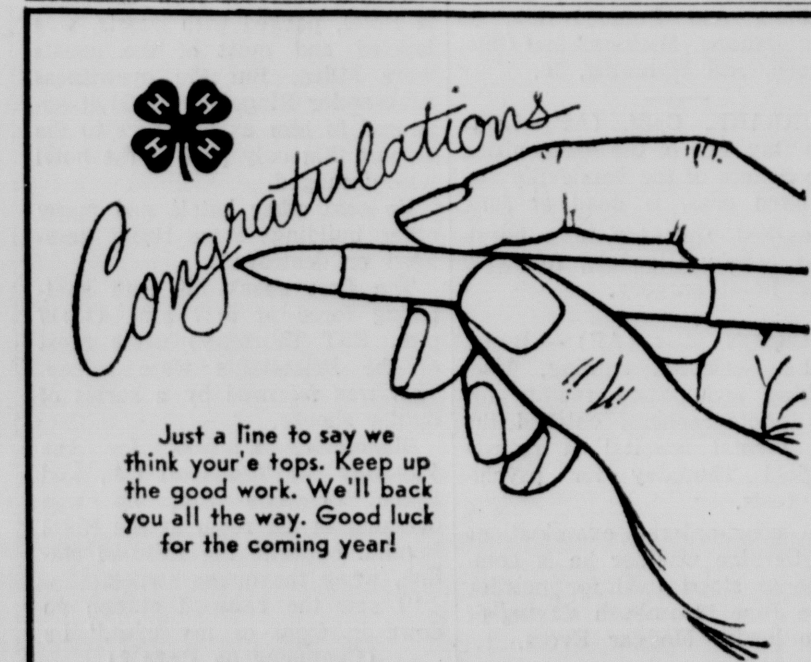

Culler works at the Alliance Clay Products Co.

Lake Erie Canal Idea Is Rapped

Railroads, Trucks To Suffer Claim

DAYTON, Ohio (AP) — An opponent of the proposed Lake Erie-Ohio River canal declared here today construction of the waterway "would seriously dilute the economy of Ohio."

The statement was made by Robert M. Taylor of Pittsburgh, executive secretary of the Upper Ohio Valley Association, at a luncheon of the Dayton Area Railroad Community Service Committee.

The proposed canal would run from Ashtabula on Lake Erie, through Youngstown and to Ohio River at Rochester, Pa.

Taylor asserted the commerce proposed to be carried on the canal now is being hauled by land carriers—railroads and trucks.

"As handled today by land carriers, a portion of the carriers' revenue from the commodities hauled rubs off on every political subdivision through which the traffic passes, either in the form of local property tax payments, fuel tax payments or wages for carrier personnel," Taylor said.

"In contrast, commerce on the proposed canal, supported by a generous public subsidy, would be moved on a tax-free facility by waterway operators who are even currently opposing a tax on the fuel used in their towboats."

Taylor asserted that Ohio railroads paid more than 27 million dollars in real estate taxes in 1962.

"The loss of revenue that this canal would effect would necessitate extensive retrenchment on the part of the railroads," he declared. "Further, it would be imperative that the land carriers increase their rates on hundreds of commodities to compensate for the loss of revenue on the nineteen major commodities considered as prospective canal traffic."

said. "It was a terrible sight."

About five hours later, two more minor quakes hit as relief workers swarmed through the debris, Tanjug reported.

The great quake was felt in wide areas of southern Yugoslavia and as far away as Greece, but damage seemed to be confined to the Skopje area.

Tanjug reported that Skopje hospitals were badly damaged. The few wards that still can be used are crammed with injured people receiving emergency treatment.

Two German tourists, Ingeborg Weiss and Ingeborg Schuppke who escaped from Skopje shortly after the quake, said upon arrival at Belgrade:

"We left the hotel New Macedonia shortly after 5 a.m. to catch the airport bus. We were barely 20 yards from the hotel when the earth began to rumble.

Then we saw our hotel collapse like a house of cards."

They ran toward a square. On their run, they met a crowd of people who were barely dressed.

"Panels were falling down all around us and tiles came crashing down from rooftops," the girls reported.

"As we stood at the square, watching the horrible scene, suddenly a cloud of dust sprang up around us and we couldn't see anything for a full quarter of an hour."

Entry Probed At Williamsport

The Pickaway County Sheriff's department investigated an illegal entry at Williamsport early today.

The Lingo Sinclair Service station was entered after closing time at 9:20 p. m. yesterday, sheriff's deputies said.

Missing was 30 cents from a vending machine. Deputy Leroy Newton said Leonard Lingo, owner of the station removed most of the money from vending machines leaving the keys in them each night. Nothing else was reported missing.

Wall Street Ad Brings Results for Ohio Plan

COLUMBUS, Ohio (AP)—State Development Director George Wilson says he already is receiving queries about Tuesday's "move to Ohio" advertisement in the Wall Street Journal.

Wilson said Thursday his office has received about 25 letters and a half dozen long distance calls from businessmen asking for details about Ohio's new industrial loan program.

The full page ad was described as the opener in a nationwide advertising campaign to bring new industry into Ohio under Gov. James A. Rhodes' economic development program.

said. "It was a terrible sight."

About five hours later, two more minor quakes hit as relief workers swarmed through the debris, Tanjug reported.

The great quake was felt in wide areas of southern Yugoslavia and as far away as Greece, but damage seemed to be confined to the Skopje area.

Tanjug reported that Skopje hospitals were badly damaged. The few wards that still can be used are crammed with injured people receiving emergency treatment.

Two German tourists, Ingeborg Weiss and Ingeborg Schuppke who escaped from Skopje shortly after the quake, said upon arrival at Belgrade:

"We left the hotel New Macedonia shortly after 5 a.m. to catch the airport bus. We were barely 20 yards from the hotel when the earth began to rumble. Then we saw our hotel collapse like a house of cards."

They ran toward a square. On their run, they met a crowd of people who were barely dressed.

"Panics were falling down all around us and tiles came crashing down from rooftops," the girls reported.

"As we stood at the square, watching the horrible scene, suddenly a cloud of dust sprung up around us and we couldn't see anything for a full quarter of an hour."

Best Wishes Farmers — For Another Successful FAIR
You've Worked Hard and Deserve Our Support
And at This Time We Would Like to Say
Thanks
This we sincerely mean. You, the farmers of our trading area, were very good to us in letting us handle your wheat and oats.
We had several customers that remarked about the ease and speed with which we ran load after load through our house.
We certainly appreciate the business of our many fine customers and sincerely hope that you will check on our quality service and consult with us on future needs.
We are sure you will find our other services to be as speedy and reliable. We have the finest equipment in our feed processing department plus manpower to mix it right.
Our Grain Department
is well equipped to offer you quick service on all grains:
Grain Bank . . . Private or Government Storage
Our Fertilizer Department
offers you both bag and bulk DAVCO products — bulk spreading — on farm delivery. Our bulk loader never runs in mud, gravel or other foreign matter while loading your fertilizer. This does make for better spreading fertilizer when there are no stones or mud mixed in.
We also offer to you a hardware department . . . seeds of all kinds, plus many other farm supplies. We carry a complete line of the two top feeds in the country today . . . PURINA CHOWS and MASTER MIX FEEDS . . . each bag offers you 100 lbs. of quality and high production!
We've given you our reasons why you should deal with us. Why don't you give us a try? The change might do you good. (It wouldn't hurt us either).
IF YOU FEEL IT'S TIME FOR A CHANGE . . . THEN MAKE IT TO THE NEW SCIOTO GRAIN AND SUPPLY CO., an old company with the new concept in business.

Grange Show
To Be Directed
By Dowlers

The Subordinate and Juvenile Grange Display at this year's County Fair will be directed by Mr. and Mrs. John F. Dowler.

Exhibits are to be set up by 6 p. m. Monday. Judging will be conducted 10 a. m. Tuesday.

A flat premium of \$12 will be given each subordinate grange exhibiting. The first place premium will be \$10, second \$7, third \$5, fourth \$2 and fifth \$1.

Judging will be based on general appearance, material and effectiveness.

IN THE JUVENILE department, exhibits should consist of work performed by the grange as a whole or individual members. They may include outlines of juvenile grange programs, community grange service or other activities and be of interest to fair visitors.

Entries are to be from juvenile gardens, forestry displays, collections such as insect pests, weed seeds and displays of hobbies.

Tractor Operators Will Pit Their Skills at Fair Classic

Tractor operators and their huge machines will again pit their skill in the annual two-day Pickaway County Championship tractor pulling contest at the Fair.

Since the demise of the horse pulling contests at the fair and even before, the tractor pull has held probably as much wide spread interest as any other single event.

The classic is scheduled to be-

gin 4 p. m. Monday with four classes on tap for the first day's event. Tuesday's pulls will begin at 9:30 a. m.

Serving as chairman of the test of man and machine against weight and distance is Paul Peck. His assistants are Robert Young, Bob Dick and Francis Clark.

ANYONE capable of operating a tractor and who abides by the

rules of the event is eligible. It is sponsored by the Central Ohio Tractor Pulling Club.

Only tractors on rubber are eligible. No caterpillars, no four wheel drive tractors or steel wheeled tractors may be entered. Likewise, dual wheels or tire chains will not be allowed.

The distance of the pull must be 15 feet at one hitching. The start is to be made with a tight chain, to be at least three feet long and not more than four.

Contestants will be given two trials to move any load to specified distance. They may choose either end of the sled for the second trial, providing the boundary permits.

Contestants will be allowed 10 minutes to make repairs in case of breaks.

Only the driver shall be allowed on the tractor while the trial is being made. Operators must stay in the seat at all times during the pull and the tractor must be under control. Two drivers will be permitted but only one may operate the tractor at a time.

EACH contestant must hitch to a stationary drawbar not more than 18 inches high. The point of hitch must be in back of the rear axle. A clevis will be furnished by the pulling committee. Axle hitching will not be allowed.

The use of fluid in the tires and of added wheel weights, either equivalent, are permitted. All tractors will be classified according to weight only.

Boundaries will be plainly marked and tractors must stay within those limits while the trial is being made. Failure to do so will

Lausche Uncertain About New Treaty

WASHINGTON (AP) — Sen. Frank J. Lausche, D-Ohio, said today he wants reassurance for the safety of the United States before he votes for a nuclear test ban treaty with the Soviet Union.

The Senate will be called upon to approve or reject any such treaty.

"Before I give any approval of a tentative or final agreement, I will want to hear the view of not only the State Department and the Disarmament Agency, but also of the chiefs of staff regarding the adequacy of protection that the proposed treaty will have upon our future life," Lausche said.

Tot Killed When Cafe Table Falls on Her

PORTLAND, Ore., (AP) — A Portland, Ore., school teacher's daughter was killed Thursday night when a Miami University cafeteria table fell on her.

Officials said Lori Redden 4½, was climbing about the table just before the accident. Her father, Paul T. Redden, is participating in a National Science Foundation summer institute in mathematics.

Engineer Given Blame In Kent Rail Mishap

WASHINGTON (AP) — Interstate Commerce Commission, in an investigation report, says an engineer's failure to follow signal instructions was partially responsible for the collision of his passenger train with a yard locomotive near Kent, Ohio, last Dec. 28.

The report, issued Thursday, said the accident also resulted from lack of adequate protection of the yard locomotive, which was standing on a main track.

The collision of the Erie-Lackawanna Railroad passenger train with the locomotive injured 60 persons. The engineer was not identified in the report.

THRILL SHOW CLOWNS — The merriment of clowns helps ease the tension of audiences during the Retroff All-Girl Thrill Show. The show of thrills and spills is scheduled for 8 p. m. Thursday in the Grandstand during the Pickaway County Fair. Clowns shown here are known as Delaware and Dr. Pee Wee.

Boundaries will be plainly marked and tractors must stay within those limits while the trial is being made. Failure to do so will result in nullification of the trial.

The boundary width shall be from 12 to 15 feet.

The judge shall have full power to decide all questions arising in connection with the contest subject to the rules and administrative provisions as provided. In any event not covered by the rules, the judge shall have full power to decide in a manner he deems fairest with the rules.

The judge shall determine the winners and shall award the prizes according to the rules.

Failure to comply with directions of the judge shall result in immediate disqualification of the contestant. All contestants participate at their own risk.

THOSE under 21 years of age shall have written permission from their parents or guardian, stating the Pickaway County Agricultural Society or committee in charge is not responsible in case of an accident.

In the opinion of the judge of the event, when the front wheels have risen to or above 24 inches above the ground surface, that pull will be voided.

The five winning tractors with the heaviest of the two drivers must weigh out.

There will be a 3-foot boundary on the double tree pull.

First prize will consist of a trophy plus \$20. Second is \$15; third, \$10 and fourth \$5.

Classes of tractors are:

Class A, 4,000 pounds, speed pull; class B, 6,000 pounds, speed pull; class C, 8,000 pounds, speed pull; class D, 10,000 pounds, speed pull.

Class E, 4,500 pounds, tug pull; class F, 6,000 pounds, team pull; class G, 9,000 pounds, tug pull; class H, 11,000 pounds, tug pull.

Fair's Beef Cattle Open Show Is Set For Wednesday

Wednesday has been designated as the day for the Beef Cattle Open Show at the Pickaway County Fair.

Always one of the more popular events of the Fair, the Angus and Shorthorn breeds will be judged beginning 9 a. m. while the Hereford classes will be judged beginning 1 p. m.

Chairman of the show is Don Courtwright of Ashville. Wayne Brown, Ralph McMill and Frances Clark have been named superintendents.

To be eligible for competition, animals must be the property of exhibitors, except where otherwise specified. Certificates of registration or transfer showing ownership must be produced upon request by superintendents.

FIRMS and co-partnerships entering animals for competition must be in existence 60 days prior to July 22, the date of closing entries.

All cattle must be tubercular and bangs tested and must be recorded in their respective breed association. Each exhibitor will be limited to two entries in each class. An entry fee must accompany entry blanks.

Where there is no competition in a class, second place money will be awarded, unless the animal is deemed unworthy by the judge. In this case no money will be paid. Any exhibitor making a false statement, or who shows cattle that have been artificially fitted or treated, or who shows an animal out of the proper class, substitutes one animal for another without proper correction of records at the cattle superintendent's office before entering the ring, or for any other dishonorable practice shall forfeit all premiums.

Prize money will be \$8 for first; \$6 for second; \$4 for third and \$3 for fourth and fifth.

Ribbons will be awarded to the Champion and reserve champion bull and female animals.

CLASSES eligible for judging are:

1. Bulls, two-years-old, calved between May 1, 1960 and August 31, 1961. 2. Senior yearling bull.

Tot Killed When Cafe Table Falls on Her

PORTLAND, Ore., (AP)—A Portland, Ore., school teacher's daughter was killed Thursday night when a Miami University cafeteria table fell on her.

Officials said Lori Redden 4½, was climbing about the table just before the accident. Her father, Paul T. Redden, is participating in a National Science Foundation summer institute in mathematics.

Lausche Uncertain About New Treaty

WASHINGTON (AP)—Sen. Frank J. Lausche, D-Ohio, said today he wants reassurance for the safety of the United States before he votes for a nuclear test ban treaty with the Soviet Union.

The Senate will be called upon to approve or reject any such treaty.

"Before I give any approval of a tentative or final agreement, I will want to hear the view of not only the State Department and the Disarmament Agency, but also of the chiefs of staff regarding the adequacy of protection that the proposed treaty will have upon our future life," Lausche said.

Engineer Given Blame In Kent Rail Mishap

WASHINGTON (AP)—Interstate Commerce Commission, in an investigation report, says an engineer's failure to follow signal instructions was partially responsible for the collision of his passenger train with a yard locomotive near Kent, Ohio, last Dec. 28.

The report, issued Thursday, said the accident also resulted from lack of adequate protection of the yard locomotive, which was standing on a main track.

The collision of the Erie-Lackawanna Railroad passenger train with the locomotive injured 60 persons. The engineer was not identified in the report.

Romney Improves the Day

MIAMI BEACH, FLA. — The fifty-fifth annual Governors Conference, which brought an unusual mid-summer crush to some of Miami Beach's better hotels, tried its best to get down to the sober business of considering administrative topics that might be of equal interest to state executives in Vermont and Mississippi. It was obvious all along, however, that the chief issue agitating the participants was next year's presidential election. The sad thing about the whole affair resided in its disclosure that it is practically impossible for a professional politician who has been bitten by the Presidential bug to distinguish between a hatchet and a boomerang.

Wielding a well-honed blade, Governor Nelson Rockefeller of New York succeeded in nicking the hides of practically every Democratic governor who was present. The Rockefeller effort to force the conference to make a unified statement on such matters as a public accommodation law for negroes put the Democrats, who included segregationists Wallace and Barnett, very much on the spot. Fourteen Republican governors were happy to accept the discomfiture of the Democrats in this matter. But, perversely, it did Rockefeller no good with most of the Republicans who were present. So, as far as the Rockefeller hatchet was concerned, it turned into a boomerang as it affected the New York Governor's own cause. The boomerang also hit Oregon's Governor Hatfield, who associated himself with Rocky's efforts.

While Rockefeller was busy kicking the Democratic governors without adding to his own popularity among Republicans, Governor George Romney of Michigan looked like the cat who had just eaten the canary. Though he continued to disclaim any Presidential aspirations, Romney used the conference to make a high-level case for himself as a constructive statesman. He deplored the fact that the civil rights issue was being used to divert the governors from considering such things as state sovereignty in welfare matters. At the same time he observed that Michigan, acting as a humane state, had had a public accommodation law requiring restaurants and hotels to serve negroes as well as whites ever since 1888, when Grover Cleveland was still in his first Presidential term. Finally, Romney came up with a suggestion that "accentuate the positive" in the vexing business of trying to improve the international balance of payments situation that has been running against the United States.

The Kennedy approach to the problem of the gold drain, as Romney has observed it, is punitive. To cut down on the outflow of American dollars Kennedy has cracked down on the amount of purchases that tourists are permitted to bring in without paying a duty. He has also proposed penalizing Americans who would like to buy such international stocks as Royal Dutch Shell or Volkswagen or Imperial Chemicals.

Such measures may serve to lessen the pressure on U. S. gold stocks, but they also stand to decrease the total amount of business done in the western world.

"I wanna go with Daddy!"

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

"Painful Twitching" is the translation from the French of tic douloureux, and anyone who has suffered from this affliction can testify that it lives up to its name.

Tic douloureux strikes the face with sudden violent stabbing sensations. With lightning speed, the face becomes twisted by sharp spasms. The anguish lasts a few moments and then disappears just as quickly, only to return with no warning.

The condition seems to affect men more than women. These brief attacks of acute pain are distributed over the course of one of the major nerves of the brain, the trigeminal or "fifth" nerve. The attacks rarely last more than one or two minutes, but to the sufferer, the time is an eternity.

Periods of freedom may vary from days to months. Sometimes an attack seems to be one set off by exposure to cold or by a severe toothache.

Treatment for tic douloureux has included every conceivable kind of therapy in medicine and surgery. With only moderate success. Inhalation of drugs has brought some relief. Injections of alcohol into the nerve have sometimes been helpful for long periods.

The exact cause of tic douloureux has not yet been determined. Only recently, an interesting observation was made that seems to link the condition to the possible absence of hydrochloric acid in the contents of the stomach. This may open avenues for the control and treatment of these difficult spasmodic episodes.

Garlic Is No Longer a Problem

By Hal Boyle

NEW YORK (AP)—All his life the young private had hated garlic.

One night a dozen years ago while on outpost duty atop a nameless ridge in Korea, he suddenly sniffed as a breeze wafted through the still blackness an odor he despised.

"I smell garlic," replied the private. "There must be an enemy patrol out there. Everything they eat is full of garlic."

They argued with him for a while, saying it was impossible for anyone to smell even garlic at that distance. Finally, as a precautionary measure they called for an artillery barrage on the dark ravine below.

"The next morning," recalled the private, now actor James Garner, "we found five men in the ravine."

Garlic no longer is a problem to Jim. Today he's enjoying the sweet smell of success as one of Hollywood's brightest new stars, after springboarding to fame in television.

Jim, currently starred with Doris Day in Universal's comedy, "The Thrill of It All," became an actor by accident.

"I didn't act until I was 25 or 26," Garner said. "I was scared to death of it."

Restless after 14 months service overseas and unable to decide on a career, he chanced to spy the name of producer Paul Gregory on a Los Angeles office building. Could that be the same Paul Gregory, then a soda jerk, he had known some years before?

It was. Gregory suggested Garner become an actor. Jim didn't think he was cut out for it. After a tryout, a studio drama coach agreed with Garner. Gregory landed him a bit part

in a touring company of "The Caine Mutiny Court Martial." As one of the judges who spoke not a single line Garner sat silently through some 512 performances.

"But the time wasn't wasted," remarked Jim. "I studied every performer's actions, learned what I could from him."

Garner next went from small to larger film roles. Then hit the big time in television in the "Maverick" series. A bit gunshy after appearing in 60 or 70 of its episodes, Jim returned to his first on making pictures until he becomes to old and tired to carry the money all the way to the bank.

Theatrical producer Jed Harris tells of a time when he and the late George Kaufman were seeking a young juvenile actor for a part in their Broadway production, "The Royal Family." Kaufman heard that there was a promising young actor named Guido Nadsos trying out in a new play in New Haven, and took a train there to look him over. Sadly he sent a telegram to Jed Harris at midnight. All he said was "Nadsos Guido."

Such measures may serve to lessen the pressure on U. S. gold stocks, but they also stand to decrease the total amount of business done in the western world

Thus they give aid and comfort to the Communists.

Romney's proposed way of limiting the gold drain would be to give special advantages to U. S. companies that sell abroad. But he did not suggest anything as controversial as a straight export subsidy. His idea would be to let our big manufacturing companies engage in a species of individual, tariff-free barter agreements with foreign producers. Picking Michigan automobile companies as his example, he outlined a hypothetical situation as it might affect trade with Canada. To the extent that an American automobile manufacturer might use Canadian-made aluminum parts in his cars, that much aluminum might be allowed to come into the U. S. from Canada without the payment of a tariff.

A similar concession might be made on African copper used in the manufacture of American automobiles. Conversely, the U. S. would be expected to try for an equivalent reduction of penalties on the export of Michigan cars to Canada or South Africa.

The Romney proposal would serve to maximize the amount of business done throughout the free world. But it would do this without adding to the pressure on the U. S. gold reserve.

In offering his idea to the assembled governors while Rockefeller and Hatfield were busy confusing hatchets with boomerangs, Romney clearly added to his own stature.

It is encouraging to know that

some attacks of tic douloureux have been controlled and even avoided by replacing the hydrochloric acid deficiency.

Although this concept is by no means definitive, it is being pursued in the hope that relief can be brought to the sufferers of this extraordinarily painful condition.

After a recent eclipse of the sun in Hawaii, many people complained of a strange condition of the eyes. Blurred vision, spots in the eyes and abnormal color changes of surrounding objects were some of the symptoms.

According to eye specialists, all of these people had exposed themselves to prolonged concentration on the intense sun as it slowly eclipsed. None had worn protective glasses.

Fortunately, most of these cases recovered their normal vision under early and active treatment and were eventually free of symptoms.

Out of this experience has come a judicious warning to remember to protect his eyes from the brilliant rays of the sun.

Trumpet players can now blow their horns without the fear that they are over-exerting their heart or lungs.

At the University of Leiden, elaborate studies were performed in an effort to determine whether wind instrumentalists showed any unusual damage to their heart of lungs as a result of prolonged playing.

The investigators were delighted to report that trumpeted playing has no occupational hazard other than its possible effect on the ears and tempers of neighbors!

Amazing Changes Are Made Around State's Capital

By ALFRED C. HALL

COLUMBUS, Ohio (AP)—Any Ohioan who has not visited his capital city of Columbus within the last few months has some surprises in store.

What is happening to downtown Columbus—and in other parts of this sprawling city as well—is nothing short of amazing.

At least one distinguished visitor put that descriptive word to it as he looked upon the progress of unprecedented downtown construction—at major office buildings, new hotels and motels a score of other types of building projects—to say nothing of freeway, housing and business construction outside the perimeter of the downtown area.

And all going up now—or in the process of starting actual construction.

The big building boom has pulled in construction trades workers from all areas of the state and nation.

Columbus is getting a new face. A new skyline. A civic boost into a future so bright even the Chamber of Commerce finds it difficult to exaggerate.

It is not just urban redevelopment, as such, Columbus has that, too, in large hunks. Acre after acre in and near the downtown areas have been cleared of old houses and structures, some dating back to Civil War days. That is almost another story.

The big revival of new downtown building here, for the most part, stems from private enterprise. It is happening now. It's a Chamber of Commerce blurb come true.

The word "amazing" comes from Postmaster General J. Edward Day. He saw just a part of what is going on when he visited Columbus in April for the annual gridiron dinner. Then, most of the current construction was not under way, and many building plans not announced.

A bit of background on the capital city's "revival":

Before World War I, Columbus, generally was looked upon by many non-residents as a nice, comfortable, prosperous "city with a small-town atmosphere."

Industrial growth began after the Civil War. Before the turn of the century its industrial prestige mounted with 23 firms manufacturing buggies, with an output of more than 20,000 vehicles, exported to all parts of the world. But the horse passed on and other, more solid industries arrived.

The city had a good percentage of solid, home-owning citizens, many wealthy ones, and great banking enterprises. Growth was gradual, but not spectacular.

The "old" Columbus of shady streets was beloved by writer James Thurber, a native. His was the memory of such old Columbus bright marks as East Broad Street—"the most beautiful boulevard in the world"—once lined by huge, tree-shaded mansions.

Now the trees and that type of beauty are gone, and East Broad Street is a heavily travelled artery instead of a boulevard. But it is blooming in another way. Big insurance firms, among other businesses, have their home offices there. A new one is patterned after the old Governor's Palace at Williamsburg, Va., and it has become a mecca for visitors being shown around by proud residents.

(Incidentally, Thurber's name is being kept alive by "Thurber Village"—a multi-million dollar high-rise apartment complex in the Goodale redevelopment area north east of the downtown area.)

In one sense, what happened to East Broad Street is linked up with what is going on today in downtown building.

There had been no building construction worthy of the name in downtown Columbus for 30 years. Until now, the downtown has been dominated by the 555-foot Leveque-Lincoln tower built in the late 1920s. Scattered here and there are older buildings in the 12-15 story category, many of far less height and floor space.

But as Columbus business kept expanding with the need for more

office space businesses began moving out East Broad Street, taking possession of the old mansions and sometimes renovating them or putting on new fronts.

Finally, several years ago, the real need for new, modern office space became apparent. Developers eyed the situation and began the plans being turned into reality today.

There had been years of planning, but mostly only hopes, for a downtown building revival. In outlying areas, building progressed normally. Not long ago the city dedicated an imposing new air terminal at Port Columbus. Ohio State University's campus had an astonishing change with millions poured into new buildings and facilities. Miles of new homes went up in more than a dozen new suburban housing developments, along with many huge shopping centers.

Columbus now covers the largest area of any city in the state (552 square miles in metropolitan area, 93.2 square miles in city) and lays claim to the second largest population in the state, behind Cleveland, with a city total estimated at 561,432 by the Ohio Department of Development, and a metropolitan population of near 750,000.

Most other big Ohio cities have made important advances in urban redevelopment—but it is certain that no other city in the state can match the Columbus downtown building boom in a comparable period.

The list is long, but here are a few of the major changes (value of downtown construction underway now exceeds \$53 million):

The deluxe Columbus Plaza Hotel, \$8.5 million structure of 23 floors on the site of the old Virginia Hotel on Third Street between Broad and Gay. Nearing completion, it is scheduled for opening in November. Most of the rooms will look down on a swimming pool-patio-type layout at second-floor level.

Adjoining the hotel on the south at the northeast corner of Broad and Third streets, an \$8.5 million plus, 25-story office building to be called "Columbus Center." Construction is to start this autumn by a combination made up of John W. Galbreath of Columbus, nationally known real estate developer, and W. Lyman Case & Co.

On the northwest corner of the same intersection, preliminary construction has started on a 20-story office building costing \$6 million, supplied as an investment by the School Employees Retirement System, which also furnished the funds for the Columbus Plaza construction. A tunnel is being planned along with the building with the hotel.

On still another corner of this busy intersection, work has started on the Capitol underground parking garage costing \$10 million. The Capitol grounds has been cleared of its trees and excavation started. It will be ready for occupancy late next year.

Only a stone's throw from the Broad - Third intersection the Columbus Dispatch is constructing a \$5 million addition to its plant between the present building which faces on Third Street and the YWCA on South Fourth Street.

Two blocks west of Broad and Third, work is under way on the 15-floor (three underground) \$5 million Huntington Bank office building on the site of the old Broad Theater at Broad and Front streets, southwest corner.

Also at Broad and Front Streets, and at Front and Town Streets, on each wing of the State Office Building, the state has under construction a \$5 million Bureau of Unemployment Compensation Building, and a \$5 million Highway Department building. These buildings, on the Scioto riverfront, are not far from the comparatively new Veterans Memorial building on West Broad Street, across the Scioto River.

Back east again at 300 E. Broad St. and opening July 29, is the new Christopher Inn, the \$2 million, 150-room, 16-level circular motor hotel, a distinctive addition

to the Columbus skyline.

Nationwide Insurance companies soon will begin construction of a \$5.4 million, 9-story addition to its home office on High Street in the downtown area . . . Voter approval is to be asked for a \$12.5 million plan for a new Franklin County Courthouse complex including a 14-story building . . .

The John W. Galbreath interests which is buying some 45 acres in the Market - Mohawk urban redevelopment area, plans a high-rise office building there, just a couple of blocks south of the Statehouse, as well as other business buildings, apartments etc.

Farther north in the university area, Battelle Memorial Institute is erecting a \$7.5 million, 9-story research building . . . Memorial Hall on East Broad Street is being converted into a museum of science and industry at a cost of \$427,000 . . . Land has been made available for the \$12 million new post office at the Spring-Sandusky interchange . . . Ground has been broken for start of the new Chemical Abstracts Center to cost a total of \$20 million when all its phases are completed by 1973 . . .

And so it goes, but only in part. There are dozens of other projects, costing many millions, either under way or planned for the immediate future, new motels, apartment towers, churches, university additions, outside the downtown area.

Neil House Deal Is Put on Shelf

COLUMBUS, Ohio (AP)—Andre J. Andreoli, Akron developer says the planned purchase of the Neil House for a sum "in the neighborhood of \$5 million" has been halted temporarily.

"We have stopped negotiations as of now," he said. "whether we resume them is contingent on a number of matters."

Andreoli said the deal was in the process of being concluded when news stories broke "prematurely". He termed the transaction "well set but not concluded," and said that whether the purchase is called off permanently depend upon new conferences to be held between Harry L. Ludwig, president of the Neil House Hotel Co., and himself. No time has been set for resumption of the talks.

Amazing Changes Are Made Around State's Capital

By ALFRED C. HALL

COLUMBUS, Ohio (AP) — Any Ohioan who has not visited his capital city of Columbus within the last few months has some surprises in store.

What is happening to downtown Columbus—and in other parts of this sprawling city as well—is nothing short of amazing.

At least one distinguished visitor put that descriptive word to it as he looked upon the progress of unprecedented downtown construction—at major office buildings, new hotels and motels a score of other types of building projects—to say nothing of freeway, housing and business construction outside the perimeter of the downtown area.

And all going up now—or in the process of starting actual construction.

The big building boom has pulled in construction trades workers from all areas of the state and nation.

Columbus is getting a new face. A new skyline. A civic boost into a future so bright even the Chamber of Commerce finds it difficult to exaggerate.

It is not just urban redevelopment, as such, Columbus has that, too, in large hunks. Acre after acre in and near the downtown areas have been cleared of old houses and structures, some dating back to Civil War days. That is almost another story.

The big revival of new downtown building here, for the most part, stems from private enterprise. It is happening now. It's a Chamber of Commerce blurb come true.

The word "amazing" comes from Postmaster General J. Edward Day. He saw just a part of what is going on when he visited Columbus in April for the annual gridiron dinner. Then, most of the current construction was not under way, and many building plans not announced.

A bit of background on the capital city's "revival":

Before World War I, Columbus, generally was looked upon by many non-residents as a nice, comfortable, prosperous "city with a small-town atmosphere."

Industrial growth began after the Civil War. Before the turn of the century its industrial prestige mounted with 23 firms manufacturing buggies, with an output of more than 20,000 vehicles, exported to all parts of the world. But the horse passed on and other, more solid industries arrived.

Vows Exchanged in Gahanna

Miss Bettina Anne Houghton, daughter of Mr. and Mrs. Thomas Houghton, 323 E. Franklin St., became the bride of Mr. Burl Lewis Gibson, son of Mrs. Burl Gibson of Gahanna, 7:30 p. m. July 14 in the Gahanna Community Church.

The Rev. John Selvey performed the double ring ceremony.

Given in marriage by her father the bride wore a pink eyelet dress fashioned with a scooped neckline. Her accessories were pink and white and she carried a white Bible topped with pink and white carnations.

Mrs. Harold Bowers was matron of honor. She wore a brown and white dress with white accessor-

ies. Her corsage was tangerine carnations.

Mr. George Mathews served as best man.

A reception was held in the church following the ceremony.

The new Mrs. Gibson is a graduate of Circleville High School and is a stenographer for the State Crippled Children's Service.

Mr. Gibson is an ambulance driver for Margaron and Sons Funeral Home, Gahanna and a volunteer fireman for Mifflin Twp.

The couple resides in Gahanna. Guests attending the wedding included, Mr. and Mrs. John McConaha, Ostrander; Mr. and Mrs. John Willes, Marion; Mr. and Mrs. Carl Jacobs and Mrs. Glenna Wright, Glouster and Mr. and Mrs. Harold Bowers, South Bloomfield.

OAGA Schedules Convention

The 33rd annual convention of the Ohio Association of Garden Clubs, Inc., will be held Aug. 15-16 in Swasey Chapel at Dennison University, Granville. Mrs. Wade Corad is president of the group.

The theme will be "Gardening Education". Speakers will include Mrs. Philip M. McKenna, Dr. Henry T. Skinner and Dr. Charles A. Dambach.

Garden Therapy will be included in the many educational clinics to be held in Talbot Hall. Mrs. Frank Herre of Cincinnati will discuss the work of her group in general hospital therapy and the programs employed in some mental institutions in the state.

The "Roadside and Beautification" clinic will be directed by Wilbur J. Garmhausen, chief landscape architect, Ohio Dept. of Highways.

The horticulture clinic will include propagation, landscaping,

and insect control. The conservation clinic will embrace pictures of a nature study camp, Ohio lands and Ohio wild flowers needing protection.

Other areas to be covered will be flower show judging, garden club yearbooks, junior garden clubs, publicity, publicity scrapbooks and radio and TV programs.

Mrs. Paul Wendell Reed of Newark will be chairman of the flower show carrying the theme, "Arts & Sciences". Artistic arrangements will be by invitation. However, all members are urged to participate in the horticultural specimen section.

Special educational booths will be exhibited by each region in the state.

Deadline for submission of registration by mail will be Aug. 1.

Mrs. Henry Stair, Moots Run Farms, Alexandria, O., is chairman.

Women's Club Holds Picnic

Members of Pickaway County Women's Republican Club met 5 p. m. Monday for a picnic at the A. W. Marion State Park. Mrs. M. D. Lorentz served as hostess, assisted by Mrs. William D. Radcliff.

A brief business meeting was conducted by Mrs. H. O. Caldwell, president. It was voted to have a picnic next year at the same location.

Personals

Mrs. Eli Hedges and Mrs. Dorothy Adkins, Logan St., have returned home after spending a week in Colorado Springs, Colo. While there they visited Pike's Peak and saw the Balcony House ruins at Manitou Cliff. They visited the home of Mark Twain in Hannibal, Mo., and other places of interest.

Mr. and Mrs. Bill Rice, Ocala, Fla., are visiting Mr. and Mrs. George Stumbo, Route 4. Mrs. Rice, the former Bertha Clay, will attend a family reunion Sunday.

Some outdoor cooks say that if hamburgers are grilled close to white-hot coals, turning to sear both sides, you can cut down on shrinkage.

Miss Gibbs

Engaged to Mr. Wellington

The Rev. and Mrs. O. F. Gibbs, 555 Ridgewood Drive, are announcing the engagement and approaching marriage of their daughter, Joan Marsha, to Mr. Donald Lee Wellington, son of Mr. and Mrs. Robert F. Wellington, Route 2, Ashville.

Miss Gibbs is a graduate of Circleville High School.

Mr. Wellington is employed by Capital Manufacturing Co., Columbus.

The wedding will be an event of August 25, in the First EUB Church, Circleville.

Some cooks like to add a quarter teaspoon of cream of tartar to pie meringue that calls for three egg whites and six tablespoons of sugar. The cream of tartar should be beaten with the egg whites before the sugar is completely dissolved.

When a recipe calls for the grated rind of a lemon, it is usually safe to use 1½ teaspoons of the grated yellow peel.

Car Exhaust Can Be Deadly For Travelers

NEW YORK (AP) — Automobile exhaust can be a deadly menace to families traveling on the nation's highways this summer. Air with as little as two or three parts per thousand of carbon monoxide can cause a tragedy, according to Midas auto safety experts. They suggest:

1. Drive only when you're alert. If you get drowsy, stop immediately on the shoulder, get out and walk around in the air. Or stop for a cup of coffee.
2. Periodically check children asleep in the back seat. Children are more susceptible to harm from this gas than grown-ups.
3. Don't start your engine with the garage doors closed.
4. Even if your car is air conditioned, leave a window open a crack to let outside air in.
5. Don't follow cars too closely, since their exhaust may drift into your car.
6. As a precautionary measure, have an experienced serviceman check your muffler, tail pipe, exhaust pipe and manifold for leaks and cracks.

Dairy Open Show Slated Thursday

As Fair Week progresses, area farmers begin to look forward to the Dairy Cattle Open Show slated Thursday.

Judging of the many entries will begin at 9 a. m. in the show arena. Superintendents for the show are Mostyn Garrett, chairman, with Kenneth Shell and Robert Collins assisting.

Superintendents have announced that all open class entries must have been in or postmarked by July 22. Livestock must be in place by 6 p. m. Monday. All animals will be released at 4 p. m. Saturday.

Stalls will be assigned by the superintendent in charge. Registration papers will be checked on Wednesday.

WHERE THERE is no competition in any class, if in the opinion of the judge it is not worthy of a first place award, second place will be awarded.

Ribbons will be given for the junior champion male, senior champion bull, grand champion bull, junior champion female, senior champion female and grand champion female.

Cash prizes will range from \$11 to \$6 for first place money; \$7 to \$5 for second place; and \$5 to \$4 for third. All fourth prizes are \$3 and fifth place is \$2.

Judging will be done according to breed beginning with Jersey and followed by Holstein, Guernsey and Ayrshire.

Carolina Schools Told To Intergrate

DURHAM, N.C. (AP)—The city of Durham must integrate all elementary and junior high schools this fall and its senior high schools next year.

U.S. Dist. Judge Edwin M. Stanley Wednesday issued an order saying parents of Negro children can choose their schools if they make application by Aug. 12.

He told the Durham Board of Education to submit, by next May 1, a plan under which senior high schools will be "totally and completely" desegregated in 1964. Assignments for high school students, both Negro and white, will remain as they are for the 1963-64 term.

The World Today

By James Marlow

WASHINGTON (AP)—The nuclear test ban agreement looks like a leap forward in the history of mankind. And maybe it is. But it wasn't unselfish and there are reasons for keeping your fingers crossed.

This was the first accord between the West and Russia in this field after almost continuous talking since World War II. It could be the beginning of much better relations and even more far-reaching understandings.

But the motives were not all strictly humanitarian when the Americans, British and Russians Thursday in Moscow agreed to stop testing in the atmosphere, outer space and under the sea.

This country and Russia have about all the nuclear weapons they seem to think they need. It will take anyone else years to catch up. Testing is highly expensive. So by not testing they save money.

Certainly in time more nations will develop nuclear weapons of their own. The more the nations that have them, the greater the danger of triggering a world war.

The Americans, British and Russians hope by their agreement to discourage other would-be nuclear powers from going on to create their own nuclear weapons and test them.

For this reason Thursday's signers suggested other nations join their agreement. If there's no more testing by anyone, the world is spared radioactive fallout. That would be an improvement but it's far from a sure bet.

The French are known to be developing nuclear weapons and the Red Chinese are suspected of doing so. The French have already done some testing, will probably do more. The Chinese

are expected to start theirs in a year or two.

Neither is bound by the Moscow agreement. And Thursday in Paris the French foreign minister, Maurice Couve de Murville, said that so long as the great nuclear powers do not disarm, then any ban on nuclear testing that they agree on is a device to try to freeze their monopoly.

The Red Chinese denounced the agreement before it was reached. Since they are breaking away from Russia whom they distrust, they will undoubtedly try to build their own nuclear arsenal so as to be a match for Russia and the West.

Whether Russia abandons the agreement of the French test, or the United States does likewise if the Chinese test, remains to be seen. Their agreement said any signer can ignore it if it thinks its interests are being jeopardized.

With the agreement only one day old, no one, including the signers, can say confidently how long it will last.

Nevertheless, because this country and Russia are years ahead of anyone else, they may not feel it necessary for some time to abandon the no-test agreement no matter what France and China do.

For Soviet Premier Khrushchev the agreement served several purposes besides those mentioned.

For one thing, he can make propaganda out of it by waving it as an example of Russia's good intentions. Then there was his fight with the Red Chinese.

They had denounced him before the rest of the Communist world for insisting communism could do business with the West. The agreement is tangible evidence that it can. So the agreement

supports his argument. There's more.

Testing takes a lot of money, time, energy and manpower. An end to testing enables Khrushchev to use some of these resources in his trouble with the Red Chinese who now look like his closest, and perhaps his worst, enemy.

What was left out of the Moscow agreement is a good reminder to romantics that this accord does not quite mean a completely new era in East-West relations. The three signers left themselves some out.

They did not agree to stop testing underground. There all three can test new ideas for improving weapons or fashioning entirely new ones.

The agreement Thursday to ban tests in the atmosphere, outer space and under the sea could have been reached some time ago since cheating in those regions can be detected without having inspectors in the cheating country.

Not so with underground tests. The United States has insisted it would not agree to ban tests underground unless Russia agreed to permit inspectors inside the Soviet Union while other inspectors checked inside the United States.

Russia called such inspection spying and refused to agree. In time, maybe agreement can be reached on this, too. Perhaps Thursday's agreement was just the first of many. Don't bet on it until it happens.

"Where Is Your Brother?"

THE STORY OF CAIN AND ABEL AND OF GOD'S WRATH TOWARD SIN AS SEEN IN THE JUDGMENT OF THE FLOOD

Scripture—Genesis 3-11.

By N. SPEER JONES
THIS WEEK'S lesson repeats again the Biblical assignment for last week, but with different emphasis. Last week we saw how sin entered into the human race; this week we see how it grows to such proportions that God repented his creation of man, and destroyed most of mankind.

The first great step in this tragic growth was the murder of Abel, son of Adam and Eve, by his own brother, Cain. How old the two were exactly we do not know, but it seems clear that they were grown men.

It is interesting to note the literal meanings of their names. Cain comes from the Hebrew "kanah," which means to ac-

quire; thus Cain, the first-born, was an "acquisition." Abel means "vanity." This may indicate the fact that vanity almost always follows acquisitions; it may also indicate a subconscious prophecy of the cause of his death.

In respect to their offerings, it may be that Cain's "fruit of the ground" was not merely the produce of the ground which he tilled, but that it consisted of fruit which had already fallen off the trees and vines and lay on the ground—clearly not the best produce, since it would at least be bruised. Abel, on the other hand, brought the firstlings of his flock; he made sacrifice with his first produce.

In any event, it is clear from the Bible that Cain was a murderer. He killed his brother, and for this he was condemned to die. His punishment was to be a wanderer on the earth, and his name was changed to "Kain," which means "a wanderer."

Hebrews 11:4 that the true difference between the offerings lay in the spirit in which they were given—Abel's with the true desire to return a portion of God's immense gifts to us, and Cain's with a mere ritualistic formality.

Notice that God saw Cain's anger and jealousy after his sacrifice had failed to please God, and that He warned and encouraged Cain most kindly, telling him it was possible to redeem himself and warning him to guard against his feelings of envy. Here is what the psychologists term sibling rivalry—a feeling they consider almost a universal human trait in its earliest form, in the world's first two siblings.

Approximately 100 members of the three churches of the Stoutsville charge, St. John, St. Paul and Pleasant View, met in the new unit of St. John Church Sunday evening for a reception and carry-in dinner honoring the new minister and his wife, the Rev. and Mrs. Maurice Bailey.

Floral centerpieces decorated the tables. The churches combined to present the program consisting of special numbers including piano solos, vocal solos, a quartet, accordion selections, readings and a chalk talk.

Rev. and Mrs. Bailey received a dinette set as a gift from the three churches.

Local Baha' Group Lists Weekly Thought
The following is from Baha' teachings: "The call of the prophets to mankind has always been that men should open their eyes, not shut them; use their reason, not suppress it. It is clear seeing and free thinking, not servile credulity, that will enable them to penetrate the clouds of prejudice, to shake off the fetters of blind imitation and attain to the realization of the truth of a new revelation."

"Where Is Your Brother?"

THE STORY OF CAIN AND ABEL AND OF GOD'S WRATH TOWARD SIN AS SEEN IN THE JUDGMENT OF THE FLOOD

Scripture—Genesis 3-11.

By N. SPEER JONES
THIS WEEK'S lesson repeats again the Biblical assignment for last week, but with different emphasis. Last week we saw how sin entered into the human race; this week we see how it grows to such proportions that God repented his creation of man, and destroyed most of mankind.

The first great step in this tragic growth was the murder of Abel, son of Adam and Eve, by his own brother, Cain. How old the two were exactly we do not know, but it seems clear that they were grown men.

It is interesting to note the literal meanings of their names. Cain comes from the Hebrew "kanah," which means to ac-

quire; thus Cain, the first-born, was an "acquisition." Abel means "vanity." This may indicate the fact that vanity almost always follows acquisitions; it may also indicate a subconscious prophecy of the cause of his death.

In respect to their offerings, it may be that Cain's "fruit of the ground" was not merely the produce of the ground which he tilled, but that it consisted of fruit which had already fallen off the trees and vines and lay on the ground—clearly not the best produce, since it would at least be bruised. Abel, on the other hand, brought the firstlings of his flock; he made sacrifice with his first produce.

In any event, it is clear from Genesis 4:9 we come to the second direct cross-examination by God in the Bible. Notice that while Adam and Eve had been evasive, they at least had the virtue of humility. In their son, sin has hardened humility into impudence.

One of Adam's sons, Seth, was a godly man who began a godly line of descendants in the midst of the world's increasing sinfulness. Ninth in this line of descent from Adam was Noah, whom God saved during the deluge.

After the flood, Noah is told, as Adam was, to replenish the earth. From his son Shem come all the Semitic peoples. From this line came Abraham.

Truck Drivers Credited with Saving 2 Lives

CLEVELAND, Tenn. (AP) — Two long-distance truck drivers for a stove manufacturing firm (Magic Chef) are credited with saving the lives of a man and wife in a flash flood on an Alabama highway.

Robert T. Dill, 36, of Cleveland and Charles McNabb, 34, of Athens, Tenn., were praised in a letter to company officials from Ernest Thurman. Thurman said he and his wife were trapped in a flash flood which swirled around their car on U. S. Highway 11 near Fort Payne, Ala.

"My wife and I could easily have lost our lives," wrote Thurman. "The water kept rising until it covered our lights which we had used to signal for help."

Just when things looked blackest, Thurman wrote, McNabb and Dill drove along and took Mr. and Mrs. Thurman to safety. The flood waters continued to rise, he wrote, completely submerging the car.

Gold Strike

NIDWALDEN, Switzerland (AP) — Franz Amstutz cut down a tree near the fashionable Alpine playground of Burgenstock and trod on a box crammed with gold pieces.

Local police are trying to decide who gets the gold — the farmer, the man who owns the ground where it was found, or the original owner, perhaps a Frenchwoman from Nice who stayed in the neighborhood during World War II. Franz isn't worried. No matter who claims the gold, he still is entitled to a finder's reward of up to 50 per cent of the total which is 3,700 francs at today's values.

GOOD IDEA — Charles Rose, president of the Pickaway County Agricultural Society, had about 101 different places to check each day at last year's Fair. He cut down on this demanding legwork by borrowing a motorscooter.

Yearly Swine Show Always Highlight For Junior Fair

A perennial highlight of the County Fair activities is the Junior Fair Swine competition.

Swine will be judged Tuesday beginning 9 a. m. Judging will be held in the show arena according to weight in the market classes and breed in breeding classes.

Wilbur Bruner has been assigned the difficult task of judging the many entries. He has picked the winners in the show for several years.

Junior superintendents of the Swine Show are David McDonald and Larry Leist.

THESE breeds will be recognized and exhibited in this order in the gilt classes: Berkshire, Chester White, Duroc, Hampshire, O.I.C., Poland China, Spotted Poland China and Yorkshire. Premiums and transportation will be paid as listed in general Junior Fair rules.

The nine classes eligible for judging are: 1. individual market hogs, 199 lbs., and under; 2. individual market hog, 200-220 lbs.; 3. individual market pig 221 lbs. and over; 4. champion and reserve champion market hog (first and second of each class competing); 5. senior spring gilts (Aug. 1, 1962 to Jan. 31, 1963); 6. junior spring gilts (born after Feb. 1, 1963); 7. sow and litter project — an exhibit to consist of a group of three pigs of the litter and/or the exhibitor may show in the regular gilt or market classes if he chooses; 8. pen of three from any of the above classes (judged as a market class); 9. swine showmanship.

Special swine awards and their

donors include: 1. grand champion and reserve champion market hog and third place award, donated by the Circleville Lumber Co.; 2. champion pen of three swine and reserve champion, donated by the L. M. Butch Co.; 3. Duroc gilts, first, second and third prizes donated by the Ralston Purina Co.; 4. champion Hampshire gilt, trophy donated by John W. Eshelman & Sons; 5. Poland China gilts, first, second and third prizes donated by Ralston Purina Co.; 6. swine showmanship (market hogs and breeding gilts) five prizes donated by L. M. Butch Co.

Judgement Against Teamsters Upheld

CINCINNATI (AP)—The U. S. Court of Appeals Sixth Circuit, affirmed today a decision by U.S. District Judge Franklin Klob of Toledo which awarded the Lester Morton Trucking Co. of Tiffin a \$34,619 judgment against Local 20 of the Teamsters' Union.

The trucking firm charged the Union with engaging in a secondary boycott.

The union engaged in a strike at the Morton firm from Aug. 17, 1956, until Oct. 5, 1956, and the company charged the Teamsters engaged in mass picketing in violation of Common Pleas Court order and tried to get other firms to cease doing business with the firm.

The trucking company originally sued for \$100,000 but Judge Klob returned a verdict for the lesser amount on Jan. 26, 1962.

Agricultural Society Officials Provide Leadership for Fair

Dedicated to bringing folks of this community a successful Fair each year is the Pickaway County Agriculture Society.

This official body, organized under the laws of the State of Ohio, is charged with the conduct of an exposition of value — either agricultural or educational.

Heading the Pickaway County Agricultural Society in Charles Rose, reelected again this year to the president's post. Other officers are Wayne Brown Jr., vice president; Richard C. Shaw, treasurer; and William L. Cook, secretary-manager.

The Society consists of 20 directors. There also are eight ex-officio board members.

DIRECTORS are elected by members of the Society. Membership is open to all residents of Pickaway County at a cost of \$2 per year.

This membership fee also entitles members to admission to the Fair and voting privileges.

Ballots for the next election will be sent to Society members about

Cincy Clerics Urged To Back Demonstration

CINCINNATI (AP)—Member ministers of the Council of Churches of Greater Cincinnati have been asked to urge their parishioners to support a planned civil rights demonstration in Washington, D.C.

The council's newly formed Special Commission on Religion and Race sent out letters Thursday saying the group "is committed to support the scheduled demonstration in Washington on Aug. 28 in support of the civil rights legislation now before the Congress. Will you commit yourself to participate in this demonstration? Will you commit yourself to requesting members of your congregation to participate in the Washington march?"

Nov. 1. Seven new directors will be elected for a three-year term.

Current members of the board whose terms expire Jan. 1, 1964, are George Mowery, Jackson Twp.; Harold Nagel and Wayne Martin, Circleville; Ralph McDill, Circleville Twp.; D. P. Court-right, Harrison Twp.; Don Collins, Walnut Twp.; and Mottyn Garrett, Darby Twp.

Directors whose terms expire Jan. 1, 1965, are Don Poling and James Ford, Circleville; Ross Bidwell, Scioto Twp.; Paul Peck, Perry Twp.; Kenneth Shell, Monroe Twp.; Charles Rose, Deer-

creek Twp.; and Francis Clark, Muhlenberg Twp.

Those whose terms expire Jan. 1, 1966, are Robert Dick and Richard Shaw, Circleville; J. B. Stevenson, Wayne Twp.; Robert Collins, Salt Creek Twp.; Wayne Brown Jr., Madison Twp.; and Robert Young, Pickaway Twp.

Ex-officio members of the board are Commissioners Clyde Michel, Lloyd Melvin and Wayne Hines, County Extension Agent George Hamrick, County Superintendent of Schools, George D. McDowell, FFA advisers Hillis Hall and Gene Houser and Russell C. Palm.

Ohio Solons Claim Convention Assured

COLUMBUS, Ohio (AP)—While Ohioans were landing the Grover Cleveland Conference for Cleveland next year, another Buckeye group may have sewed up a 1965 convention for the state.

Delegates back from the Midwest Regional Conference of the Council of State Governments in Davenport, Iowa, said they expected that conference to be held in Ohio the year state Sen. Robert Shaw, R-Franklin, becomes chairman.

Shaw was named vice chairman at the three-day Davenport meeting that ended Wednesday. He is automatically in line for 1965 chairman.

GOOD IDEA — Charles Rose, president of the Pickaway County Agricultural Society, had about 101 different places to check each day at last year's Fair. He cut down on this demanding legwork by borrowing a motorscooter.

Yearly Swine Show Always Highlight For Junior Fair

A perennial highlight of the County Fair activities is the Junior Fair Swine competition. Swine will be judged Tuesday beginning 9 a. m. Judging will be held in the show arena according to weight in the market classes and breed in breeding classes. Wilbur Bruner has been assigned the difficult task of judging the many entries. He has picked the winners in the show for several years. Junior superintendents of the Swine Show are David McDonald and Larry Leist.

THESE breeds will be recognized and exhibited in this order in the gilt classes: Berkshire, Chester White, Duroc, Hampshire, O.I.C., Poland China, Spotted Poland China and Yorkshire. Premiums and transportation will be paid as listed in general Junior Fair rules. The nine classes eligible for judging are: 1. individual market hogs, 199 lbs., and under; 2. individual market hog, 200-220 lbs.; 3. individual market pig 221 lbs and over; 4. champion and reserve champion market hog (first and second of each class competing); 5. senior spring gilts (Aug. 1, 1962 to Jan. 31, 1963); 6. junior spring gilts (born after Feb. 1, 1963); 7. sow and litter project — an exhibit to consist of a group of three pigs of the litter and/or the exhibitor may show in the regular gilt or market classes if he chooses; 8. pen of three from any of the above classes (judged as a market class); 9. swine showmanship. Judgement Against Teamsters Upheld

CINCINNATI (AP)—The U. S. Court of Appeals Sixth Circuit, affirmed today a decision by U.S. District Judge Franklin Kloeb of Toledo which awarded the Lester Morton Trucking Co. of Tiffin a \$34,619 judgment against Local 20 of the Teamsters' Union. The trucking firm charged the Union with engaging in a secondary boycott. The union engaged in a strike at the Morton firm from Aug. 17, 1956, until Oct. 5, 1956, and the company charged the Teamsters engaged in mass picketing in violation of Common Pleas Court order and tried to get other firms to cease doing business with the firm. The trucking company originally sued for \$100,000 but Judge Kloeb returned a verdict for the lesser amount on Jan. 26, 1962.

Agricultural Society Officials Provide Leadership for Fair

Dedicated to bringing folks of this community a successful Fair each year is the Pickaway County Agriculture Society. This official body, organized under the laws of the State of Ohio, is charged with the conduct of an exposition of value — either agricultural or educational. Heading the Pickaway County Agricultural Society in Charles Rose, reelected again this year to the president's post. Other officers are Wayne Brown Jr., vice president; Richard C. Shaw, treasurer; and William L. Cook, secretary-manager. The Society consists of 20 directors. There also are eight ex-officio board members. Nov. 1. Seven new directors will be elected for a three-year term. Current members of the board whose terms expire Jan. 1, 1964, are George Mowery, Jackson Twp.; Harold Nagel and Wayne Martin, Circleville; Ralph McDill Circleville Twp.; D. P. Courtwright, Harrison Twp.; Don Collins, Walnut Twp.; and Mostyn Garrett, Darby Twp. Directors whose terms expire Jan. 1, 1965, are Don Poling and James Ford, Circleville; Ross Bidwell, Scioto Twp.; Paul Peck, Perry Twp.; Kenneth Shell, Monroe Twp.; Charles Rose, Deercreek Twp.; and Francis Clark, Muhlenberg Twp. Those whose terms expire Jan. 1, 1966, are Robert Dick and Richard Shaw, Circleville; J. B. Stevenson, Wayne Twp.; Robert Collins, Salter Creek Twp.; Wayne Brown Jr., Madison Twp.; and Robert Young, Pickaway Twp. Ex-officio members of the board are Commissioners Clyde Michel, Lloyd Melvin and Wayne Hines, County Extension Agent George Hamrick, County Superintendent of Schools, George D. McDowell, FFA advisers Hillis Hall and Gene Houser and Russell C. Palm.

Ohio Solons Claim Convention Assured

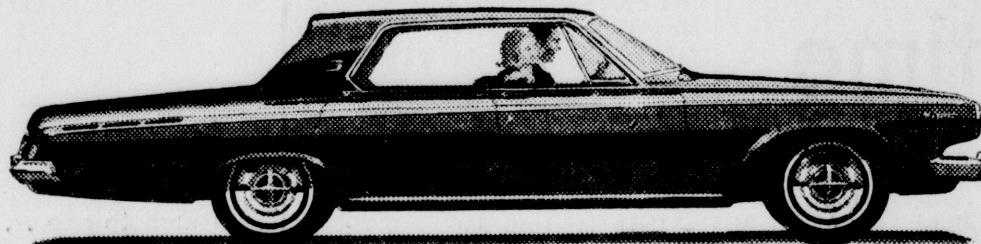

COLUMBUS, Ohio (AP)—While Ohioans were landing the Grover nor's Conference for Cleveland next year, another Buckeye group may have sewed up a 1965 convention for the state. Delegates back from the Midwest Regional Conference of the Council of State Governments in Davenport, Iowa, said they expected that conference to be held in Ohio the year state Sen. Robert Shaw, R-Franklin, becomes chairman. Shaw was named vice chairman at the three-day Davenport meeting that ended Wednesday. He is automatically in line for 1965 chairman.

Cincy Clerics Urged To Back Demonstration

CINCINNATI (AP) — Member ministers of the Council of Churches of Greater Cincinnati have been asked to urge their parishioners to support a planned civil rights demonstration in Washington, D.C.

The council's newly formed Special Commission on Religion and Race sent out letters Thursday saying the group "is committed to support the scheduled demonstration in Washington on Aug. 28 in support of the civil rights legislation now before the Congress. Will you commit yourself to participate in this demonstration? Will you commit yourself to requesting members of your congregation to participate in the Washington march?"

Best of County's Vegetables Will Be on Display at Fair

The Vegetable Show at this year's County Fair will be directed by J. B. Stevenson. He heads a committee composed of George Mowery and Dot Poling.

Again exhibitors are reminded to name entries correctly as to variety. All exhibits will be accepted Monday and must be in place no later than 6 p. m.

All vegetables must be grown by the entrant in 1963. Awards on the exhibits will be based on maturity, freedom from disease, uniformity and trueness of type or variety. Prizes will be awarded according to quality in case of only one entry.

Premiums will be paid on only the varieties listed. Awards made to the largest classes will be judged on quality and weight.

THE COMMITTEE will not be held responsible in case of theft or loss to any exhibit.

Vegetable categories, varieties eligible and premiums are:

Beans — first, \$1; second, 50 cents, for the best plate. Varieties permitted include pole lima beans, bush lima beans, colored beans, pole string beans, bush green string beans and yellow wax string beans.

Best pint jar of dry beans will also receive the above premium rate. Varieties eligible include lima, horticulture and any other variety.

Beets — first, \$1; second, 50 cents for both the five best beets and the largest beets. No stock beets are permitted.

Brussels sprouts — first, \$1; second, 50 cents.

Cabbage — first \$1; second 50 cents for the best plate of the three best heads of red cabbage and the best and the largest head of cabbage.

Scouts Invited To Exhibit at County Fair

Each Boy Scout and Cub Scout Troop in the County is invited to plan and exhibit a display at the Fair.

All material for the exhibit must be made and prepared by the Scouts and must portray some part of the Boy Scout theme. A flat fee of \$10 will be given to each Scout Troop that exhibits.

Prizes will be awarded as follows: first \$7; second \$5; third \$3, fourth \$2; fifth \$1.

Exhibits will be judged on originality, simplicity in accomplishing theme, amount of preparation, Scouts in attendance, neatness and use of the Scouting theme.

All exhibits must be in place no later than 6 p. m. Monday, July 29.

Carrots — first \$1; second 50 cents for the five best carrots.

Cauliflower — first \$1; second 50 cents for the three best white and the three best red.

Potatoes — first \$4; second \$2.50; third \$2.

Ponies Set To Prove Power Comes in Small Packages

Power can come in small packages as Pickaway County fairgoers who watch the Pony Pulling contest Wednesday evening will learn.

The smaller editions of horse-flesh will pack plenty of it per pound as they combine their skill with the skill of their drivers in a test of strength.

The event is sponsored by the Pickaway County Pony Sales, Inc. It promises to be one of the top attractions of this year's fair. Emerson Brown is the chairman of the three-class event this year.

The classes are divided according to size and are 42 inches and under, 46 inches and under and 46 to 50 inches. The entry fee in each classification is \$2.

THE WINNING team in each class will get a trophy and a \$30 award. Second place gets \$20, third, \$15; fourth \$10; fifth, \$7; sixth, seventh and eighth, \$3.

The official veterinarian will take saliva tests of ponies finishing first second and third. Premium money will be held pending the results of a saliva test.

If the analysis of a saliva sample indicates a pony has been drugged or otherwise improperly stimulated, the animal shall be disqualified and premium money won will be forfeited.

The distance for each pull will be 14 feet, but distances less than 14 feet will be used to determine winner or place at the end of the contest.

Each driver will be allowed two helpers.

There will be three trials to each load, the first and second while hitched to the load and the third to come later. Each driver must take first pull.

ALL CONTESTS will be opened to the world. Whipping or under use of the line, profanity or shouting will not be permitted. The weight of the load will be determined by the judges.

Any forward movements of load after the driver gives the command to go will be counted as a pull. Each team will be driven by one driver through the entire contest except in case of injury.

The driver must be ready when his turn comes to pull.

There will not be more than three tries to hitch or it will be counted as a pull.

No small teams will be allowed to pull in second class, but split teams will be allowed. Ponies will be measured from the bottom of their shoes.

Being Captain Of Ship Has Ups and Downs

NORFOLK, Va. (AP) — Being a ship's captain has it ups and downs.

And keeping up with them is a matter of vital dollars for captains such as Jean Morize, master of the French cargo vessel Mekambo.

Capt. Morize noted that the port of Savone, Italy, has a draft of 30 feet. But when the Mekambo took on 22,150 tons of coal at Lam-

berts Point it sank to a draft of 33 feet.

He calculated the 12-day trip to Savone will burn up enough fuel to bring the Mekambo up to 30 feet.

Actually, the ship could load another 5,000 tons of coal, but that would make a difference of one foot — enough to put the Mekambo aground in the Savone channel.

The Mekambo sailed from Genoa for Norfolk with 13,000 tons of ballast. About 7,000 tons of this was discharged enroute.

Coming in, Capt. Morize had a problem of a different sort. The vessel had to be deep enough to get under the coal loaders at Lam-berts Point.

A massive deep current flows beneath the Gulf Stream in an opposite direction.

Red China, striving to become a nuclear power itself as it moves farther away from the Soviet Union in the world Communist alignment, denounced the agreement in advance.

Right up to the time of the initialing there were fears the negotiations might collapse under Soviet demands that the treaty be tied in with a nonaggression pact between the North Atlantic Treaty Organization and its Communist counterpart, the Warsaw Pact.

The American and British delegations opposed the Soviet demand. They insisted they would need the consent of all 15 NATO nations for a nonaggression pact and that this would delay—if not make impossible—a test ban accord.

While the delegations argued, presumably over the nonaggression issue, the initialing was held up for four hours. But finally the partial ban agreement, without the nonaggression link, was initialled in a simple ceremony in the Spudonovka Palace by U.S. representative W. Averell Harriman; Britain's science minister, Lord Hailsham, and Gromyko.

Some 100 newsmen and photographers, called in to witness the ceremonies, were told by Gromyko: "Let us consider this as basis for further steps."

"A very important step forward," said Harriman, and Hailsham voiced hope that this marks "the beginning of many good things for us all."

This hopeful tone was also expressed in the communique released in Moscow along with the treaty draft.

It declared:
"The heads of the three delegations agreed that the test ban treaty constituted an important first step toward the reduction of international tension and the strengthening of peace, and they look forward to further progress in this direction."

Besides the U.S. Senate, the treaty must also be approved by the British Parliament and the Supreme Soviet. But this is considered a formality because of the Conservative party's large majority in the House of Commons and support of the opposition Labor party leaders of the ban and the Soviet government's control of the Supreme Soviet.

Harriman is due to fly back to the United States to report to President Kennedy and Rusk at Hyannis Port, Mass., Sunday.

In the treaty—a marvel of conciseness at about 800 words—each of the three powers "undertakes to prohibit, to prevent and not to carry out any nuclear weapon test or any other nuclear explosion at any place under its jurisdiction or control."

Then the treaty spells out that this ban covers "the atmosphere, beyond its limits including outer space or under water, including territorial waters or high seas."

Further, the treaty provides a ban against tests "in any other environment if such explosion causes radioactive debris to be present outside the territorial limits of the state under whose jurisdiction or control the explosion is conducted."

U.S. officials explained that although underground tests are not included in the ban, they must be conducted in a way that keeps ra-

Beef Show Is One Of Biggest Events For Junior Fair

One of the largest events in the Junior Fair division of the Pickaway County Fair is the Junior Beef Show.

Judging in the highly competitive division will begin at 9 a. m. Thursday. The show will be culminated by the sale of fed steers Friday night of the Fair.

Judge of the cattle show will be Edwin Zorn. Gene Long and Byron Rose are junior superintendents.

Any beef breed is eligible to compete in the steer feeding class with the judging done in this order: Angus, Hereford, Short-horn and dairsteers.

THERE WILL be five classes: steers 1,000 pounds and under; steers 1,001 pounds and over; champion and reserve champion steers; grandchampion and reserve grand champion; dairy steers.

Special steer awards and the donor in each class are: first cup, donated by the Bowling Livestock Co. in each breed; Grand Champion steer trophy, donated by the Circleville Publishing Co.; Re-

doactive fallout from other countries.

The agreement makes no mention of inspection or controls—the big stumbling blocks in previous test ban negotiations.

The United States and Britain insist that one-side inspections are needed to check on suspicious earth tremors as a guard against sneak underground tests. The Soviet Union has contended that such inspections would be only a cover for Western spying.

But the three powers agree that on-site inspections are not necessary to detect the test covered in the agreement. They have said that explosion in the air, in space and under water can be detected by devices outside any country triggering such tests.

The agreement specified, however, that nothing in the treaty should prejudice "conclusion of a treaty resulting in the permanent banning of all nuclear test explosions, including all such explosions underground."

The treaty urged all other nations to join in the limited ban and pledges the three powers to refrain "from causing, encouraging or in any way participating in the carrying out of any nuclear weapon test whatever."

U.S. officials explained that although underground tests are not included in the ban, they must be conducted in a way that keeps ra-

Beef breeding will be judged Thursday immediately following the steer classes.

Classes of competition for Junior Fair beef breeding are: Junior calf, calved on or after Jan. 1, 1963; senior calf, calved Sept. 1, 1962 to Dec. 31, 1962; summer yearling, calved May 1, 1962 to Aug. 3, 1962; junior yearling calved Jan. 1, 1962 to April 30, 1962; senior yearling, calved May 1, 1961 to Dec. 31, 1961; beef cow, calved prior to May 1, 1961 Champion and reserve champion for each of the three beef breeds.

Special beef breeding awards will be donated by John W. Eshelman and Sons, Elizabeth Stevenson and the American Shorthorn Breeder's Assn.

The outstanding club group of four beef animals will be selected immediately after the judging of the breeding classes. The A and P Tea Company will donate the trophy.

THE JUNIOR beef showmanship is limited to members who were less than 14 years of age on Jan. 1, 1963. Previous winners are ineligible for competition. The trophy donor is the Pickaway Grain Co.

Senior beef showmanship is open to junior fair members who were 14 years of age or over on Jan. 1, 1963. Previous winners are again ineligible. The donor of the plaque presented to the winners is the Kingston Farmers Exchange.

In the showmanship classes, each contestant must fit and show his own animal. The animal which is used in showmanship must be the same one which that boy or girl has shown or will show in a breeding or market class. During the contest the member may be asked by the judge to trade animals with another contestant.

In making the awards, fitting will count 50 per cent and showmanship 50 per cent. Fitting includes, condition, quality and finish of the animal and the cleanliness of hide, hair and hoofs.

Showmanship includes appearance of the exhibitor, equipment used to show the animal, and ability to properly move and pose the animal as directed by the judge. Both steers and female animals

Schools May Participate in County Fair

All schools wishing to participate in this year's Pickaway County Fair will be given an opportunity to do so.

Premiums will be awarded as follows: High schools of three or more in number will be flat rate, prorated equally from the amount allotted the program by the Fair Board.

If there are three exhibits, allotment will be \$96; four exhibits, \$108; five exhibits, \$120, and so on in the same proportions. If there are less than three exhibits, the allotment will be rated on a three-school-exhibit basis.

For elementary school exhibits, the same procedure will be followed, except that an allotment will be one half that of a high school.

Junior Fair Sheepmen Set For Judging on Wednesday

Junior Fair sheepmen will have the opportunity Wednesday to parade their entries in competition during the Junior Fair Sheep Show.

More than 150 entries were in the competition last year. Judging will be held beginning 9 a. m. Wednesday of Fair week.

Francis Bope will judge. Larry Vance and Jim Shell will serve as junior superintendents.

Breeding sheep will be shown by respective breed.

PREMIUMS and transportation will be paid as listed in general Junior Fair rules.

Classes eligible for judging are:

1. individual market lamb 79 lbs. and under; 2. individual market lamb 80-89 lbs.; 3. individual market lamb 90 lbs. and over; champion and reserve champion market lamb (first and second of each class competing); 5. ewe lamb; 6. ewe (one year and under two); 7. ewe (two years and over); 8. pen of three lambs of any of above classes (market class); 9. showmanship.

Special sheep awards and donors of awards include: 1. grand champion-market lamb, reserve cham-

pion and third place awards donated by the Third National Bank; 2. champion pen of three lambs, award by the Pickaway County Sheep Improvement Assn.; 3. champion trophy will be awarded in breed classes which have at least five different exhibitors as indicated on 4-H enrollment forms on April 15. Trophies to be awarded.

All Girl Scout Units Invited To Show Displays during Fair

The Girl Scout Exhibit at the Fair will include these classes:

CLASS I
Each Girl Scout Troop (Brownie, Intermediate, Senior) in the county is invited to plan and exhibit a display at the Fair.

All the material for the exhibits must be made and prepared by the Girl Scouts and must portray some part of the Girl Scout theme.

Booth space to be allotted will be arranged in size of six foot squares.

A flat fee of \$10 will be given to each troop that exhibits.

Prizes are: first, \$3.50; second, \$2.50; third, \$1.50; fourth, \$1; fifth, 50 cents.

Exhibits will be judged on scouting theme, simplicity in accomplishing theme, suitability of project to age group, originality and neatness. All exhibits must be in place no later than 6 p. m. Monday.

CLASS II
Groups of Girl Scout Troops (Brownies, Intermediates, Senior) or Neighborhood Associations in

ed this year are Southdown and Columbia donated by the Second National Bank; 4. best ewe of show (all breeds) prizes donated by Flobizer Inc., Mt. Sterling; 5. sheep showmanship, prizes donated by Bowling Livestock Co.

Taft Opposes Kennedy Plan in Rail Dispute

WASHINGTON (AP) — Rep. Robert Taft Jr., R-Ohio, has joined three other House Republicans in introducing legislation to prevent so-called featherbedding in the railroad industry.

The measure also would require railroads to aid employees displaced by work rule changes.

Taft said he opposes President Kennedy's proposal to turn the work rules dispute over to the Interstate Commerce Commission for a two year study.

Red China, striving to become a nuclear power itself as it moves farther away from the Soviet Union in the world Communist alignment, denounced the agreement in advance.

Right up to the time of the initialing there were fears the negotiations might collapse under Soviet demands that the treaty be tied in with a nonaggression pact between the North Atlantic Treaty Organization and its Communist counterpart, the Warsaw Pact.

The American and British delegations opposed the Soviet demand. They insisted they would need the consent of all 15 NATO nations for a nonaggression pact and that this would delay—if not make impossible—a test ban accord.

While the delegations argued, presumably over the nonaggression issue, the initialing was held up for four hours. But finally the partial ban agreement, without the nonaggression link, was initiated in a simple ceremony in Spiridonovka Palace by U.S. representative W. Averell Harriman; Britain's science minister, Lord Hailsham, and Gromyko.

Some 100 newsmen and photographers, called in to witness the ceremonies, were told by Gromyko: "Let us consider this as basis for further steps."

"A very important step forward," said Harriman, and Hailsham voiced hope that this marks "the beginning of many good things for us all."

This hopeful tone was also expressed in the communique released in Moscow along with the treaty draft.

It declared:
"The heads of the three delegations agreed that the test ban treaty constituted an important first step toward the reduction of international tension and the strengthening of peace, and they look forward to further progress in this direction."

Besides the U.S. Senate, the treaty must also be approved by the British Parliament and the Supreme Soviet. But this is considered a formality because of the Conservative party's large majority in the House of Commons and support of the opposition Labor party leaders of the ban and the Soviet government's control of the Supreme Soviet.

Harriman is due to fly back to the United States to report to President Kennedy and Rusk at Hyannis Port, Mass., Sunday.

In the treaty—a marvel of conciseness at about 800 words—each of the three powers "undertakes to prohibit, to prevent and not to carry out any nuclear weapon test or any other nuclear explosion at any place under its jurisdiction or control."

Then the treaty spells out that this ban covers "the atmosphere, beyond its limits including outer space or under water, including territorial waters or high seas."

Further, the treaty provides a ban against tests "in any other environment if such explosion causes radioactive debris to be present outside the territorial limits of the state under whose jurisdiction or control the explosion is conducted."

U.S. officials explained that although underground tests are not included in the ban, they must be conducted in a way that keeps ra-

Ferris Wheel Again To Tower Above Midway at County Fair

Who can forget their happy childhood days when they see the bright lights of the Ferris wheel and merry-go-round plus hearing the nostalgic music from the carousel emanating from the midway of a traveling amusement park.

Such memories will again be recalled when the huge red trailer type trucks of the Gooding Amusement Co. carrying tons of amusement roll into town and prepare to set up the many attractions for the Pickaway County Fair scheduled to start Monday and last six days.

No midway at any fair, festival, celebration, carnival amusement parks and other similar outdoor events would ever be considered complete without the traditional Ferris wheel and merry-go-round. These two rides are still the most popular with young and old alike.

yet they are the oldest in origin. The merry-go-round, first ride in all history, was invented in 1875 by a German Wheelwright, Michael Dentzel. It was propelled by hand, quite unlike the new type coming with the Gooding Amusement Co. that will be powered by electricity.

The Ferris wheel followed and was introduced at the Columbian Exposition at Chicago Illinois, in 1893 and named after its inventor, George Washington Gale Ferris. The original Ferris wheel required a full year to assemble. Today's ferris wheel, due to man's ingenuity and imagination can be erected or dismantled in less than three hours.

Several new type rides will also be featured at the Fair, including a complete portable Kiddieland with rides designed for the exclusive patronage of the "small fry".

Prime Fruit of County Will Be on Exhibit during Fair

Pickaway County fruit growers will exhibit their best from the 1963 crop at the Pickaway County Fair this year.

Texas Barber Has Busy Day

HARPER, Tex. (AP) — This West Texas city's only barber shop is usually closed on Mondays, but Roy Roberts, the owner, found he had a very brisk business the day after prizes were awarded in a beard growing contest.

Nearly 100 men participated in the contest and some had been letting their beards grow for eight or nine months.

Roberts had planned to shave himself and no one else when he opened his shop at 5:30 a. m., but he worked all day. It took about 45 minutes to shave one man whose beard had been growing a year.

At the end of the day Roberts had accumulated a bushel basket of hair. He said he got good tips: one man had given him \$5 extra for his shave.

How To Use Water To END YOUR CONSTIPATION WORRIES

Here's how to get to the root of your constipation problem. Bring enough moisture to your lower colon every day. When food wastes are normally moistened, they will "move" as they should.

So do this. Take SERUTAN every day with plenty of water. SERUTAN is a gentle laxative aid that carries and holds water in your lower digestive tract to promote more normal regularity.

SERUTAN provides the proper moisture, bulk and peristaltic action to help keep you regular. This is utterly different from harsh chemical laxatives which may dry you out.

Get SERUTAN. Take as directed and enjoy daily regularity or money back from the maker.

HARPER, Tex. (AP) — This West Texas city's only barber shop is usually closed on Mondays, but Roy Roberts, the owner, found he had a very brisk business the day after prizes were awarded in a beard growing contest.

Nearly 100 men participated in the contest and some had been letting their beards grow for eight or nine months.

Roberts had planned to shave himself and no one else when he opened his shop at 5:30 a. m., but he worked all day. It took about 45 minutes to shave one man whose beard had been growing a year.

At the end of the day Roberts had accumulated a bushel basket of hair. He said he got good tips; one man had given him \$5 extra for his shave.

TODAY In History

By THE ASSOCIATED PRESS

Today is Friday July 26, the 207th day of 1963. There are 158 days left in the year.

Today's highlight in history:

On this date in 1779, a French lieutenant-colonel named Fleury became the first foreigner to receive a medal from the U.S. Congress. He commanded the Colonial party which stormed the fort at Stony Point. As the first man to enter the main fort, Fleury quickly hauled down the British flag.

On this date: In 1759, the French fortress at Ticonderoga, N.Y., was abandoned to the British.

In 1847, the Republic of Liberia was founded.

In 1908, the Bureau of Investigation—now the FBI—was created by Congress and placed under jurisdiction of the U.S. Attorney General.

In 1947, the U.S. armed forces were reorganized and unified with Navy Secretary James Forrestal appointed as first secretary of defense.

In 1956, 50 lives were lost when the Italian liner Andrea Doria collided with the Swedish liner Stockholm off Nantucket, Mass.

Ten years ago: The Korean war ended after more than three years when truce delegates signed an armistice at Panmunjom.

Five years ago: Queen Elizabeth II bestowed the title of Prince of Wales on her 10-year-old son and heir apparent to the British throne, Prince Charles.

One year ago: Britain's conservative government defeated a labor party censure motion prompted by Prime Minister Harold Macmillan's wholesale reorganization of his government.

3 Tombstone-Smashers Hear Court's Penalty

HAMILTON, Ohio (AP) — A tombstone-smashing spree at two Hamilton cemeteries the night of July 14 has resulted in two youths' commitment to the State Department of Mental Hygiene and Correction.

The youths, ages 14 and 16, will be placed in a correctional institution. Domestic Relations Court Judge David Black turned over the case of a third youth, age 17, to probation authorities in Hillsboro County, Fla., and said one condition was that the youth shall never return to Butler County.

Top Entertainment Promised In Junior Fair Talent Test

A large crowd is anticipated Tuesday night at the Fairgrounds grandstand when several outstanding young performers lift the curtain on the Fair's annual Talent contest.

The entertaining program is scheduled to start 8 p. m. It will be conducted along with the King and Queen contest.

The outstanding contest, directed by the Junior Fair Board, always produces some of the top talent in the county. The program of showmanship is annually rated one of the Fair's highlight activities.

A screening contest conducted several days ago resulted in 12 acts which will be presented Tuesday night. The performances, their participants and the clubs they represent are:

A PANTOMIME "20 Miles" by Linda Blankenship of the Robtown Magic Menders; a vocal solo, "The Little Damsel" by Lorna Poling of Stir and Chatter; piano solo, "Clare de Lune" by Susie Bennett of the Pickaway County 4-H Colt and Equitation Club;

A monologue "Little Sis Hopkins" by Kay Fortney of Darby Flying Needles; baton twirling "Fire Baton" by Leola Harmon, of Kitchen Kaperettes; vocal solo, "Gotta Travel On" by Terry Morris of Perry Twp. Junior Livestock.

Vocal number by the Cleft Tones composed of Dixie Neff, Sherry Bower, Cheryl Bower, Carolyn Bailey and Cathy Redmand, all Future Farmers of Monroe; pantomime "Blame It on the Bossa Nova" by Becky Alkire of Fashions and Foods; vocal solo "Moon River" by Mike Eckle of New Holland 4-H;

A dance routine by Debbie Hoffhines, Martha Sark and Lois Dill of the Walnut Whipperettes; vocal solo "Wonderful Guy" by Sarah Barnes of Dedrick Creek Busy Bees; and a ballet dance "Come to the Fair" by Susan Green of Scioto Hardy Workers.

Rules and regulations for the contest are:

1. Contest is open to all youth of Pickaway County from 10 to 21 years of age as of January 1, 1963.

2. Each contestant is not to participate in more than two acts.

3. All types of talent are eligible to enter the screen test.

4. Length of act is not to exceed five minutes. The total number of acts participating in final contest held during the Pickaway County

Fair will not exceed 12.

5. A screen test will be held at the Pickaway County Fairgrounds. This screening will determine the acts which will appear in the final contest during the county fair.

6. Talent will be screened on a first come, first serve basis which will start at 6:30 p. m. All acts must be registered by 8 p. m. July 15.

7. Judges will base their decisions on qualities of the talent, presentation and personal appearance. The decision of the judges will be final.

8. Winners of the final contest will receive the following: 1st

place — \$25; 2nd place — \$15; 3rd place — \$10; 4th place — \$5; 5th place — \$5.

The prizes are awarded by the Pickaway County Agricultural Society.

Murder-Suicide Try Is Probed in Hamilton

HAMILTON, Ohio (AP)—Police are investigating the apparent murder-suicide attempt of George J. Reners.

Reners, 52, a married man, apparently fatally shot himself in the head after shooting Miss Dorothy Johns, 40, as she lay in bed in her apartment Thursday, police said. She is in serious condition at Mercy Hospital.

33,000 Population Seen In 1980 for Oxford

OXFORD, Ohio (AP) — This Butler County town may have 33,000 inhabitants by 1980 if Miami University continues to grow at the present rate, a St. Louis planning firm says.

Village officials say he report notes Oxford's population has been slightly larger than Miami's enrollment through the years. Miami is expected to have about 15,000 students by that time. The state university's enrollment was 8,210 at the time the report was drafted.

Mickey Mantle May Be Out For Season

Star's Knee Buckles
In Latest in Series
Of Painful Injuries

By THE ASSOCIATED PRESS
The New York Yankees lost a ball game. Which doesn't really hurt. They also lost a ball player which could hurt very much indeed.

That's because he's a very special ball player named Mickey Mantle, and he may be out for the season.

Immediately after the Yankees' 5-0 loss to the Los Angeles Angels Thursday, Manager Ralph Houk announced that Mantle has a loose cartilage in his left knee.

"The damn thing could tighten up in three days," Houk said. "Or it could be a month. Or it could be longer."

The Angels' Ken McBride cooled off the defending world champions in fine shape Thursday limiting them to three scattered singles in the shutout.

Second-place Chicago edged Detroit 4-3 and lopped a full game off the Yanks' American League margin, which stands at a healthy eight games. Kansas City blanked Boston 2-0, Baltimore beat Washington 4-2 and Cleveland edged Minnesota 3-2 in the others.

In the National League, Pittsburgh snapped Sandy Koufax' nine-game Dodger Stadium winning streak 6-2. St. Louis knocked off Milwaukee, 3-1, Cincinnati trimmed Chicago 3-2, Houston shut out Philadelphia 3-0 and San Francisco beat the New York Mets again, 8-6.

McBride needed only 96 pitches in recording his third victory of the season over the Yanks.

Nellie Fox drove in three runs with a pair of singles and scored another one to account for all of the White Sox runs against Detroit. Don Wert hit a three-run homer for the losers.

John Powell had a two-run homer, John Orsino singled in two more and Robin Roberts recorded his 252nd major league victory in the Orioles' triumph over the Senators. Baltimore now has beaten Washington 11 times in 12 meetings this season.

Kansas City's surprising Athletics got only three hits off Boston's Bill Monbouquette but turned two of them into runs while Ed Rakow, Bill Fischer and John Wyatt blanked the Red Sox on six hits.

Willie Kirkland settled things for Cleveland, stroking a three-run eighth-inning homer bringing the Indians from behind a 2-0 deficit and beating Minnesota.

DuPont Nine Wins 2nd Tourney Tilt

Du Pont of Circleville won its second straight game in the District No. 8 Industrial Slow Pitch Tournament at Greenfield last night, downing Collins Meat Packing of Greenfield, 12-7.

Jim Conrad won his second game, as he got needed backing at the plate. Pacing Du Pont's 12 hit attack was Tom Dean with two doubles and a single and Fred Redman with a circuit blow.

5 Rookies Trimmed From Browns' Squad

HIRAM, Ohio (AP)—The Cleveland Browns cut five rookies from their squad today.

Coach Blanton Collier said he was asking waivers on Dave Katterhenrich, Ohio State fullback; Gary Marinovich, California Junior College fullback; Gerry Craft, Oklahoma State fullback; Art Smith, Virginia State guard; and Bob Altman, Wisconsin halfback.

Billy Bruton tied two major league records when he hit four doubles in succession for the Detroit Tigers on May 19.

Prairie Lanes Upset Victory Highlights Mosquito League

Prairie Lanes pulled the upset of the season in the Mosquito League yesterday defeating Ankrum Lumber, 14-9, at the Corwin diamond. Undefeated Circleville Lumber topped Lewis Cook Insurance, 11-3, at Atwater.

The winning Bowlers, gaining their third victory in 12 starts this year, collected only one hit. John Payne, the winning pitcher, doubled. Walks played an important role in the win.

The Lumbermen had the hits, nine, but failed to bunch them effectively.

Ronny Leasure, Terry Leasure and Bob Peters all hit homeruns for the losers. Don Valentine came up with a triple and Peters added a double to his attack. Valentine was charged with the loss. He was relieved by Jeff Styers.

CIRCLEVILLE Lumber moved out front in the game with Cook Insurance with two runs scored in each of the first three innings.

The losers tallied a pair in the second and added a final run in the bottom of the fourth inning. The Lumbermen had mounted a five-run attack in the top half of the fourth.

Howard Cline started for the winners, pitching three innings of hitless ball. He fanned eight, walked six and gave up two runs. Joe Reeser hurled hitless ball in three innings of relief work, fanned nine walked four and allowed one run.

Dick Sark, the loser, and Jim Neal teamed up for the Cook nine. Sark went the first three innings, whiffing four, walking one and allowing six runs on six hits.

Neal struck out six, walked one, and gave up five runs on five hits.

Circleville Lumber's big inning came in the fourth when Jim Ramsey and Joe Reeser tagged back to back singles after Neal had fanned.

Franklin Heights Wrestling Coach Moves To Capital

Don Woodland, wrestling coach at Franklin Heights High School, has been named head grappling mentor at Capital University, athletic director Bill Bernfroh has announced.

Highly successful at Franklin Heights, a member of the South Central Ohio League, Woodland's teams have won the Central District Wrestling crown for the past two years.

He will replace Lauren Miller at Capital.

Wrestling is not a league sport in the SCO League since only three schools have teams.

Jets Nearing .500 Point

By THE ASSOCIATED PRESS
It's been a long, hard climb for the Columbus Jets, but they're now only two games away from breaking even and seven games out of first place in the International League's Southern Division.

The Jets were victorious again Thursday night. They defeated Richmond 10-1.

Rochester beat Atlanta 7-2, Toronto edged Arkansas 1-0, Indianapolis downed Buffalo 6-3 and Jacksonville edged Syracuse 2-1 in 10 innings in other IL games.

Columbus was 18 games under .500 ball on May 29. The Jets have won 35 of their last 54 games and 24 of their last 33 to pull within two games of break-even ball.

ned the first two batters he faced.

DAVE TRUAX and Howard Cline belted successive doubles scoring three runs, Randy Young, the next batter up, was walked and he and Cline both scored on a wild throw to second base.

A game between Circleville Lumber and Prairie Lanes, rained out July 19, has been rescheduled 9 a. m. Aug. 3 on the Atwater Diamond.

Circleville Lumber, with two games remaining to play, is undefeated in the Mosquito League. Lewis Cook Insurance has an overall record of seven wins and six losses and has a game remaining with Ankrum Lumber, 9-4 overall.

Hawkins Leads Western Open

Chicagoan Holds Edge Over Pack of 128

CHICAGO (AP)—Fred Hawkins, who has won only one official PGA tourney in 16 years, finally may find victory magic on the tantalizing greens of Beverly Country Club where the venerable Western Open moves into its second round Friday.

Just as he did a year ago at Chicago's Medinah, Hawkins Thursday paced the first round of the \$50,000 Western with a 4-under-par 67 for a one-stroke lead over a pack of 128.

Hawkins, 39, has made a career of being an also ran since his only major pro tourney in the 1956 Oklahoma City Open—nine years after he joined the PGA tour in 1947.

Hawkins, who wound up tied for third in last year's Western after his opening 68, has just about everybody on his heels in the 60th renewal. Strangely, though, the big guns—with exception of new PGA champion Jack Nicklaus—have yet to really boom.

Nicklaus, along with seven others, rests two strokes off the pace with 69—a stroke behind a trio of runners up at 68, Joe Campbell, Skee Riegel and the 1960 Australia Open champion, Bruce Devlin. Rounding out a group of only 16 opening round sub-par shooters is a quartet at 70, Gay Brewer, Howie Johnson, Art Wall and Mason Rudolph.

A prime victim of the greens—which pacesetter Hawkins found duck soup with 13 one-putts and a total of 23 putts—was leading money winner Arnold Palmer. Arni's army had little to cheer about as Palmer four-putted the 464-yard 15th and three-putted the short third and 10th holes for a 2-over-par 73.

Defending Western champion Jacky Cupit, along with Sam Snead and 11 others congregated at even par 71, while this year's U.S. Open champion Julius Boros was tied for 30th with five others at 72 and British Open champ, Bob Charles of New Zealand, faltered with a 76.

Legion Nine Loses, 5-3 To Lancaster

The Circleville American Legion Baseball team dropped a 5-3 tilt to Lancaster at Bremen last night.

The Lancaster unit won its district American Legion junior baseball tournament.

George Reeser started for Circleville, pitched one inning and was relieved by McCall who hurled three. Mick Hunt finished the game.

Howard (Hodge) Dade scored the first run for the Hall-Adkins nine when he belted a 3-1 pitch for a home run in the second inning.

ARNIE GABRIEL tallied for the local nine in the sixth when he led off with a single and then came home on an error. Mick Hunt scored when he singled and scored on an error by the Lancaster first sacker.

Lancaster scored in the first, added two in the second and one in the fifth and cinched the win with a run in the seventh inning.

Tomorrow the Hall-Adkins team travels to Washington C. H. to compete in the South Central Ohio League.

A three-way playoff was scheduled when league winning Hillsboro was forced to forfeit a pair of games they had previously won.

At 5 p.m. the Roundtowners face Wilmington. Should they win, they will play a second game the same night.

The double elimination playoff will be completed Sunday.

Chet Terry Sr., manager, announced the locals will leave the National Guard Armory on Franklin St. at 3 p. m.

Coleman Sets Up Winning Redleg Run

MILWAUKEE (AP) — Gordy Coleman, whose single set up the winning run in Thursday's Cincinnati Reds-Chicago Cubs game, doesn't like to be platooned.

"If righthanded batters seldom had a chance to bat against righthanded pitchers, they'd have the same trouble we lefthanders have against lefthanded hurling," he said after the Reds beat Chicago, 3-2. Coleman hit a single that set up the winning run.

"I'd be foolish to say I wouldn't rather hit against righthanders," Coleman said. "Let's put it this way: With the exception of one or two, notably that side-dealing (Joe) Gibson of the Pirates, I don't care whether they throw right or left."

"They gotta get the ball in the strike zone and I know where that is."

Gordy, who hit 28 homers and drove in 86 runs last season, is not keeping pace in 1963. But he played in almost every game last year while this season Manager Fred Hutchinson is platooning him with Marty Keough and Don Paveitch. Even so, Coleman has hit seven homers and driven in 40 runs while batting .235.

Complete results of the contest were not received.

Horseshoe Pitchers Ready for Some Keen Competition

One of the sporting highlights of the Pickaway County Fair is the annual County horseshoe tournament.

Limited to residents of Pickaway County, the tourney is a three class event.

The ancient sport of horseshoe pitching has gained revived interest in central Ohio. Two flourishing leagues currently conduct competition at the Fairgrounds courts.

Many of the contestants from other areas who compete here report the local courts are comparable or superior to most in the state.

HORSESHOE pitching is one of the most venerable of individual sports. Though its origins are hazy, it is known to have existed as a diversion among 18th century European nobility.

It is a contest of precision, patience and skill rather than of power.

With many of Pickaway County's foremost ringer tossers participating in one or both of the leagues that hold contests locally, competition in the event this year promises to be keen.

Qualification pitching will be held every day during the Fair from 6 until 10 p. m. The final pitchoff in all classes will be held Saturday, starting promptly at 5 p. m.

The tournament will be under

the auspices of Dick Robbins manager, and Raymond R. Goodman, president of the Pickaway County Horseshoe Assn.

First place trophy in Class A will be donated by The Ankrum Lumber Co., first place in class B by the Circleville Oil Co. and first place in class C by the L. M. Butch Co.

TROPHIES for second, third and fourth places in all classes are donated by Wards Market, Palms Carry Out, West Edstrom Motor Sales, Charles Glitt Grocery, Russ's Marathon Station, Blue Ribbon Dairy, Christopher Pontiac, Koehseier Hardware and Harden Chevrolet.

Winning the Class A division of the event last year was Harold Whipple with a five game series of 516. Chet Peters was the class B winner with a 449 series, while Malcom Rathburn won the class C honors with a 427 series.

Third National Forfeits

Tilt in BR Minors

The only game slated for the Babe Ruth minor last night was declared a forfeit.

The Third National Bank was scheduled to take on Koehseier, but the Bankers lacked two men. The game was forfeited to the Hardwaremen, with Steve Richardson gaining credit for the win.

2nd National Downs Wards

In Little League Minor action yesterday, the Second National Bank clubbed Wards, 13-9, with Dick Radcliffe limiting the Marketers to six hits.

Radcliffe hurled the complete game for the winning Bankers. He fanned eight and walked 11.

Steve Mogan started for the losing crew and hurled three frames. He allowed eight runs on nine hits, whiffed three and walked one. Joyce aided him in the fourth, finished the game, and was charged with the loss. He allowed five runs on seven hits, fanned four and walked one.

All of the Second Bankers scored except Ben Fout, who cracked two doubles to make up for his run deficit. Rick Mogan banged a triple and a double, and Radcliffe garnered a double.

Hoselton clubbed a double for the losers.

Mickey Mantle May Be Out For Season

Star's Knee Buckles
In Latest in Series
Of Painful Injuries

By THE ASSOCIATED PRESS
The New York Yankees lost a ball game. Which doesn't really hurt. They also lost a ball player which could hurt very much indeed.

That's because he's a very special ball player named Mickey Mantle, and he may be out for the season.

Immediately after the Yankees' 5-0 loss to the Los Angeles Angels Thursday, Manager Ralph Houk announced that Mantle has a loose cartilage in his left knee.

"The damn thing could tighten up in three days," Houk said. "Or it could be a month. Or it could be longer."

The Angels' Ken McBride cooled off the defending world champions in fine shape Thursday limiting them to three scattered singles in the shutout.

Second-place Chicago edged Detroit 4-3 and lopped a full game off the Yankees American League margin, which stands at a healthy eight games. Kansas City blanked Boston 2-0, Baltimore beat Washington 4-2 and Cleveland edged Minnesota 3-2 in the others.

In the National League, Pittsburgh snapped Sandy Koufax' nine-game Dodger Stadium winning streak 6-2. St. Louis knocked off Milwaukee, 3-1, Cincinnati trimmed Chicago 3-2. Houston shut out Philadelphia 3-0 and San Francisco beat the New York Mets again, 8-6.

McBride needed only 96 pitches in recording his third victory of the season over the Yanks.

Nellie Fox drove in three runs with a pair of singles and scored another one to account for all the White Sox runs against Detroit. Don Wert hit a three-run homer for the losers.

John Powell had a two-run homer, John Orsino singled in two more and Robin Roberts recorded his 252nd major league victory in the Orioles' triumph over the Senators. Baltimore now has beaten Washington 11 times in 12 meetings this season.

Kansas City's surprising Athletics got only three hits off Boston's Bill Monbouquette but turned two of them into runs while Ed Rakow, Bill Fischer and John Wyatt blanked the Red Sox on six hits.

Willie Kirkland settled things for Cleveland, stroking a three-run eighth-inning homer bringing the Indians from behind a 2-0 deficit and beating Minnesota.

DuPont Nine Wins 2nd Tourney Tilt

Du Pont of Circleville won its second straight game in the District No. 8 Industrial Slow Pitch Tournament at Greenfield last night, downing Collins Meat Packing of Greenfield, 12-7.

Jim Conrad won his second game, as he got needed backing at the plate. Pacing Du Pont's 12 hit attack was Tom Dean with two doubles and a single and Fred Redman with a circuit blow.

5 Rookies Trimmed From Browns' Squad

HIRAM, Ohio (AP)—The Cleveland Browns cut five rookies from their squad today.

Coach Blanton Collier said he was asking waivers on Dave Katterhenrich, Ohio State fullback; Gary Marinovich, California Junior College halfback; Gerry Craft, Oklahoma State fullback; Art Smith, Virginia State guard, and Bob Altman, Wisconsin halfback.

Billy Bruton tied two major league records when he hit four doubles in succession for the Detroit Tigers on May 19.

Prairie Lanes Upset Victory Highlights Mosquito League

Prairie Lanes pulled the upset of the season in the Mosquito League yesterday defeating Ankrum Lumber, 14-9, at the Corwin diamond. Undefeated Circleville Lumber topped Lewis Cook Insurance, 11-3, at Atwater.

The winning Bowlers, gaining their third victory in 12 starts this year, collected only one hit. John Payne, the winning pitcher, doubled. Walks played an important role in the win.

The Lumbermen had the hits, nine, but failed to bunch them effectively.

Ronny Leasure, Terry Leasure and Bob Peters all hit homers for the losers. Don Valentine came up with a triple and Peters added a double to his attack. Valentine was charged with the loss. He was relieved by Jeff Styers.

CIRCLEVILLE Lumber moved out front in the game with Cook Insurance with two runs scored in each of the first three innings.

The losers tallied a pair in the second and added a final run in the bottom of the fourth inning. The Lumbermen had mounted a five-run attack in the top half of the fourth.

Howard Cline started for the winners, pitching three innings of hitless ball. He fanned eight, walked six and gave up two runs. Joe Reeser hurled hitless ball in three innings of relief work, fanned nine walked four and allowed one run.

Dick Sark, the loser, and Jim Neal teamed up for the Cook Insurance. Sark went the first three innings, whiffing four, walking one and allowing six runs on six hits.

Neal struck out six, walked one, and gave up five runs on five hits.

Circleville Lumber's big inning came in the fourth when Jim Ramsey and Joe Reeser tagged back to back singles after Neal had fanned.

Franklin Heights Wrestling Coach Moves To Capital

Don Woodland, wrestling coach at Franklin Heights High School, has been named head grappling mentor at Capital University, athletic director Bill Bernlohr has announced.

Highly successful at Franklin Heights, a member of the South Central Ohio League, Woodland's teams have won the Central District Wrestling crown for the past two years.

He will replace Lauren Miller at Capital.

Wrestling is not a league sport in the SCO League since only three schools have teams.

Jets Nearing .500 Point

By THE ASSOCIATED PRESS
It's been a long, hard climb for the Columbus Jets, but they're now only two games away from breaking even and seven games out of first place in the International League's Southern Division.

The Jets were victorious again Thursday night. They defeated Richmond 10-1.

Rochester beat Atlanta 7-2, Toronto edged Arkansas 1-0, Indianapolis downed Buffalo 6-3 and Jacksonville edged Syracuse 2-1 in 10 innings in other IL games.

Columbus was 16 games under .500 ball on May 29. The Jets have won 35 of their last 54 games and 24 of their last 33 to pull within two games of break-even ball.

Legion Nine Loses, 5-3 To Lancaster

The Circleville American Legion Baseball team dropped a 5-3 tilt to Lancaster at Bremen last night.

The Lancaster unit won its district American Legion junior baseball tournament.

George Reeser started for Circleville, pitched one inning and was relieved by McCall who hurled three. Mick Hunt finished the game.

Howard (Hodge) Dade scored the first run for the Hall-Adkins nine when he belted a 3-1 pitch for a home run in the second inning.

ARNE GABRIEL tallied for the local nine in the sixth when he led off with a single and then came home on an error. Mick Hunt scored when he singled and scored on an error by the Lancaster first sacker.

Lancaster scored in the first, added two in the second and one in the fifth and cinched the win with a run in the seventh inning.

Tomorrow the Hall-Akins team travels to Washington C. H. to compete in the South Central Ohio League.

A three-way playoff was scheduled when league winning Hillsboro was forced to forfeit a pair of games they had previously won.

At 5 p.m. the Roundtowners face Wilmington. Should they win, they will play a second game the same night.

The double elimination playoff will be completed Sunday.

Chet Jery Sr., manager, announced the locals will leave the National Guard Armory on Franklin St. at 3 p.m.

Coleman Sets Up Winning Redleg Run

MILWAUKEE (AP) — Gordy Coleman, whose single set up the winning run in Thursday's Cincinnati Reds-Chicago Cubs game, doesn't like to be platooned.

"If righthanded batters seldom had a chance to bat against righthanded pitchers, they'd have the same trouble we lefthanders have against lefthanded hurling," he said after the Reds beat Chicago, 3-2. Coleman hit a single that set up the winning run.

"I'd be foolish to say I wouldn't rather hit against righthanders," Coleman said. "Let's put it this way: With the exception of one or two, notably that side-dealing (Joe) Gibson of the Pirates, I don't care whether they throw right or left."

"They gotta get the ball in the strike zone and I know where that is."

Gordy, who hit 28 homers and drove in 86 runs last season, is not keeping pace in 1963. But he played in almost every game last year while this season Manager Fred Hutchinson is platooning him with Marty Keough and Don Pavelitch. Even so, Coleman has hit seven homers and driven in 40 runs while batting .235.

Quarter Horse Events Added

Harness Racing Scheduled Tuesday, Wednesday at Fair

RACING TIME AT COUNTY FAIR — This type scene will be repeated when the County Fair opens its Tuesday and Wednesday harness racing program. This bit of action was caught by the camera last year as John Fissell presented a blanket to Luther Evislizer, driver and owner of double heat winner Carl Arch.

Fair time means harness horse races to many. And the Pickaway County Fair is no exception to the rule.

Consistently fans of the venerable sport of Kings are presented with excellent races here.

This year they are scheduled for Tuesday and Wednesday beginning promptly at 4 p. m. As an added attraction to fairgoers, two heats of quarter horse racing have been added to the program.

The quarter horse races were added to the race card during the spring matinee this year at the Fairgrounds. They proved to be highly successful an well received by local fans.

There will be one quarter horse race climaxed each day's speed program. On the first

day the short distance runners will go for 220 yards and on the second, 400 yards.

The first afternoon of racing will be kicked off with a pace for 2-

Ohio Fishing Picture Looks Rather Poor

COLUMBUS, Ohio (AP)—Fishing prospects this weekend are rather poor and few fish are being taken, the Ohio Division of Wildlife reports.

The outlook by sections: Northwestern—Most lakes and streams in fair condition but few fishermen have been out. Those anglers who fish the lakes have been catching some catfish, bass and bluegills while stream fishermen have been taking a few carp and catfish.

East Central and Southeastern—Apparently the best fishing results are coming from lakes and streams in Meigs, Monroe, Morgan, and Belmont counties. Some smallmouth bass are being caught from streams in Monroe County while bass, bluegills and crappies are showing up at Forked Run Lake, Meigs and the Stripmine Ponds, Morgan.

Central and Southern—No hot spots have been reported although most lakes and streams are in fair to good condition.

year-olds and non-winners of \$400 in a lifetime. The purse for each race will be \$500.

The second race of the initial afternoon will see non-winners of \$3,000 vie for the purse while a conditioned trot for non-winners of \$1,000 will be the final race.

On Wednesday the speed program will begin with a conditioned pace for non-winners of \$1,000. A pace for non-winners of \$1,500 during their lifetime will be the second race and a 2-year-old trot and non-winners of \$400 lifetime trot will be the final race.

All races are overnight. During last year's fair the races proved to be close, fast and well filled.

DONORS of blankets for the winners are Kenny Hamman Ford, Sturm and Dillard Co., Shaffers Tire Shop, Circleville BPO Elks, Circleville Fast Freeze and the Savings Bank.

A number of local horsemen have already informed John Fissell, secretary of the Fair's speed program, they plan to enter the local event.

Included in the group are Forrest Short, currently racing at Scioto Downs; Jim Arledge, who has a stable at Northfield Park, Cleveland; George W. Van Camp and Jack Betts, who have been competing at both Northfield Park and Scioto Downs; P. F. Markley and Ralph Jones, who have been touring the fair circuit; George Fissell and Clarence Myers who have horses at Scioto Downs.

Quarter Horse Events Added

Harness Racing Scheduled Tuesday, Wednesday at Fair

RACING TIME AT COUNTY FAIR — This type scene will be repeated when the County Fair opens its Tuesday and Wednesday harness racing program. This bit of action was caught by the camera last year as John Fissell presented a blanket to Luther Evislizer, driver and owner of double heat winner Carl Arch.

Fair time means harness horse races to many. And the Pickaway County Fair is no exception to the rule.

Consistently fans of the venerable sport of Kings are presented with excellent races here.

This year they are scheduled for Tuesday and Wednesday beginning promptly at 4 p. m. As an added attraction to fairgoers, two heats of quarter horse racing have been added to the program.

The quarter horse races were added to the race card during the spring matinee this year at the Fairgrounds. They proved to be highly successful and well received by local fans.

THERE will be one quarter horse race climaxing each day's speed program. On the first

day the short distance runners will go for 220 yards and on the second, 400 yards.

The first afternoon of racing will be kicked off with a pace for 2-

Ohio Fishing Picture Looks Rather Poor

COLUMBUS, Ohio (AP)—Fishing prospects this weekend are rather poor and few fish are being taken, the Ohio Division of Wildlife reports.

The outlook by sections: Northwestern—Most lakes and streams in fair condition but few fishermen have been out. Those anglers who fish the lakes have been catching some catfish, bass and bluegills while stream fishermen have been taking a few carp and catfish.

East Central and Southeastern—Apparently the best fishing results are coming from lakes and streams in Meigs, Monroe, Morgan, and Belmont counties. Some smallmouth bass are being caught from streams in Monroe County while bass, bluegills and crappies are showing up at Forked Run Lake, Meigs and the Stripling Ponds, Morgan.

Central and Southern—No hot spots have been reported although most lakes and streams are in fair to good condition.

year-olds and non-winners of \$400 in a lifetime. The purse for each race will be \$500.

The second race of the initial afternoon will see non-winners of \$3,000 vie for the purse while a conditioned trot for non-winners of \$1,000 will be the final race.

On Wednesday the speed program will begin with a conditioned pace for non-winners of \$1,000. A pace for non-winners of \$1,500 during their lifetime will be the second race and a 2-year-old trot and non-winners of \$400 lifetime trot will be the final race.

All races are overnight. During last year's fair the races proved to be close, fast and well liked.

DONORS of blankets for the winners are Kenny Haman Ford, Sturm and Dillard Co., Shaffers Tire Shop, Circleville BPO Elks, Circleville Fast Freeze and the Savings Bank.

A number of local horsemen have already informed John Fissell, secretary of the Fair's speed program, they plan to enter the local event.

Included in the group are Forrest Short, currently racing at Scioto Downs; Jim Ardless, who has a stable at Northfield Park, Cleveland; George W. Van Camp and Jack Betts, who have been competing at both Northfield Park and Scioto Downs; P. F. Markley and Ralph Jones, who have been touring the fair circuit; George Fissell and Clarence Myers who have horses at Scioto Downs.

POST OFFICE AND PYTHIAN CASTLE — This scene on the east side of N. Court Street was taken when the post office was located in the Pythian Castle. Mails were handled in the section of the building now occupied by The Savings Bank, bordering the alley.

New Member Named to FHA Committee

Roy M. Anderson, Williamsport, has been named to the Pickaway County Farmers Home Administration Committee, according to Wade E. Jeffers, the agency's county supervisor.

Demon Drum Corps Slated at Derby

The Davis Demons Drum Corps is all set to participate in activities Saturday at the Derby Fish Fry.

The precision-minded Demons will march in a parade at 11 a. m. They also will perform at 1 p. m. and again at 2 p. m.

Anderson's appointment is for three years. Purpose of the county committee is to review applications for FHA loans. Composed of three members, the committee is set up on a rotation basis with one new member appointed each year.

Anderson succeeds Charles Rose, Williamsport, who has served on the committee the past three years. Other Committee members are David H. Bolender, Route 4, and Mostyn Garrett, Route 3, Mount Sterling.

Anderson has been farming around Williamsport for 40 years. At present, he does general farming with cattle and hogs on

345 acres. He is a member of the Farm Bureau.

The Farmers Home Administration extends credit accompanied by technical farm management assistance to 85 families in Pickaway, Madison and Franklin counties. These families have used the loans to purchase livestock, machinery and for other annual farm needs. Some have reorganized their farms for more efficiency and to increase their volume of business. Some have built new homes, along with other farm building improvements.

Wade E. Jeffers, county supervisor, is in the county agent's office, 159½ E. Main St., every Tuesday morning from 10 a. m. until noon.

ernoon. Also taking a portion of the afternoon highlights will be the first of two days of harness racing. Post time is set for 4 p. m. Tuesday and Wednesday.

THE FAIR will be in full swing by the time Tuesday night rolls around. Attention will center at the Grandstand where the combined King and Queen and Talent contests will open at 8. A Junior Fair Dance has been scheduled for 10 p. m. in the 4-H and Grange Building.

The third day of activities will be off and running with more judging, the final rounds of the Tractor Pull and several demonstrations. A bicycle will be given away at 5 p. m., an agricultural demonstration is set for 7:30 and a Pony Pull at the Grandstand will start at 8.

Thursday stacks up as another busy day with livestock judging set for 9 a. m., along with a 4-H Horse and Pony show and judging of 4-H Home Economics projects. Flower show judging will commence at 12:30 p. m. and the Pickaway County Historical Society has planned a style show for 7 p. m.

An added Thursday attraction will be a performance by the Rot-roff All-Girls show, set to open 8 p. m. at the Grandstand. The 4-H Grand Revue (home economics) is also set for 8 p. m.

Friday's card calls for Junior Fair dairy judging at 9 a. m. A wrestling program has been scheduled for 8 p. m. The Junior Fair livestock sale will be conducted at the same time in the Show Arena.

Saturday's final day will open with a 4-H tractor operator contest at 9 a. m. in front of the Grandstand. A Grandstand attraction for 1 p. m. will be announced later. The Fair will then wind up with Stony Robert's thrill show, starting at 8.

SANDWICHED between all these activities and events will be a gay midway with all its rides and show attractions. Located at all points will be various lunch stands designed to take care of some hefty appetites.

Prominent displays of the latest agricultural equipment will be exhibited by area implement dealers.

A friendly welcome has been voiced by members of the Pickaway County Agricultural Society. The program has been provided — the entire public is invited.

Little Entertainment Seen With Change of Movie Bills

By Richard L. Davis

Local drive-in theater bills, due to change Sunday, will offer little entertainment-wise.

The North Auto Theater has a double feature of rock 'n roll films and the Starlight is featuring a fictitious tale of "Hercules and the Captive Women" along with "Gorgo", one of the not-so-new monster movies.

Arch Hall Jr. stars in "Wild Guitar," a story of teen-age life in Hollywood. It repeats the story of the country singer who goes to Hollywood to crash show business. He is finally discovered in a talent show and the remainder of the film centers around his trials and tribulations as a star.

The second film, "Ring-A-Ding Rhythm", has a long list of popular rock 'n roll performers who belt out 27 selections in the film. Heading the cast is the "original of the Twist," Cubby Checkers.

Reg Park is seen as Hercules in the Starlight feature. The story deals with the co-called captive women on the island of Atlantis and, of course, offers several opportunities for the musclemen to display his unbelievable strength.

Edie Adams, popular star of stage, screen and television, opens a week's engagement at the Vets Memorial Auditorium on Tuesday in Somerset Maugham's "Rain." The on-stage story of Sadie Thompson is being done by Miss Adams prior to a taping of the show for 90-minute spectacular on television this fall.

This week's presentation by the

Kenley Players opens the second half of the summer season. Performances are given Tuesday through Sunday with matinees on Saturday and Sunday. Evening curtain time is 8:30.

New Method For Reading

SAN QUENTIN, Calif. (AP) — Many San Quentin prisoners may learn to read by use of colors.

Charles Rhinehart, Sonoma State College teacher, and Stanford University professors developed a system using colors to represent vowel sounds.

Rhinehart said the system enabled a non-reader to identify a

sound with a color and the confusion of several sounds for the same letter was avoided.

Of San Quentin's 4,500 prisoners, about 900 are below fifth grade ability in reading.
